City Council
Marshalltown, IA

Dear Mayor and Councilors,

I am writing to submit 1 Code Grant request and 2 Façade Grant requests, on behalf of Kurt & Kristin Polley (Façade requests) and K & K Preferred Properties (Code request). The properties located at 119 E. Main St and 123 E. Main St will be renovated into shared workspace units. There will also be a multi-function room that can be used as a conference room or as an event space with access to an outdoor patio. As detailed in the specific grants, major renovations to the buildings are taking place both on the interior and exterior including sprinkling.

The Code / Façade Committee has reviewed the applications, eliminated items not covered by the programs, and approved those items as indicated for a reimbursement amount of \$19,805.21.

We thank the council for taking time to review and support this project, and thank the Polley's for the substantial and beneficial improvements planned for the buildings.

Sincerely,

Douglas Husak
Committee Member – MCBBD
