Parks Update

The playground, basketball hoop, and soccer goals have been ordered for Peterson Park. Engineering is working on design specifications for the concrete work for the basketball court, shelter and walkways. Bids for that work went out this month and are due November 14 and to Council for approval on November 20. Plans are to have this completed by next spring.

Brothers Concrete has been working at Kiwanis Park and has poured the concrete for the basketball hoop, pickleball court, and sidewalks. They have the foundations in for the foot volleyball court and shelter. They have also graded the soccer field area.

Recreation and Aquatics Update

The Coliseum is in full swing with youth basketball, adult volleyball, adult soccer rentals, and have held the first of our monthly craft vendor fairs. We also are hosting state wide fire chief's convention October 26-28.

Meeting adjourned at 4:45pm

Next meeting is at 4:15pm on November 15, 2023 in the Veterans Memorial Coliseum.
