

# 2021 ANNUAL REPORT

**Marshalltown Police  
Department  
Chief Michael W. Tupper**

# Chief's Message

**Dear Citizens of Marshalltown,**

**We are pleased to present the 2021 Annual Report, which details the activities and accomplishments of the Marshalltown Police Department. I hope this report thoroughly explains the efforts the police department makes to deliver quality and professional police services in Marshalltown.**

**2021 saw the successful implementation of the Marshalltown Police and Community Team (MPACT). MPACT is a partnership between the police department and YSS of Marshall County. In 2021, MPACT was a pilot project to study the delivery of social and crisis services in our community in a different manner by embedding these services into police operations and culture. YSS community advocates work alongside police officers in the field to assist officers in responding to the many different social problems our community members face daily. Thanks to the generous support of the city council, and our community, MPACT was implemented with the hope of providing our community with crisis resources that are timely and effective. MPACT has been a bridge of hope for community members who face daily challenges associated with mental health, addiction, poverty, homelessness and family crisis concerns. The 2021 MPACT pilot project has evolved into a fully funded program that is making a real difference in our community.**

**I remain concerned about the trafficking of illegal narcotics and an opioid crisis that is affecting communities across the United States. Methamphetamine use and trafficking continues to be the criminal problem that drives most of our crime in Marshalltown. However, the dangers of heroin, fentanyl, and prescription drug abuse cannot be ignored. These problems keep me awake at night. As a community, we must carefully monitor how the opioid crisis is affecting Marshalltown.**

**The problems of addiction will require a multi-disciplinary response. Law enforcement alone cannot effectively address problems associated with addiction. In fact, law enforcement should be the call of last resort. Public and private partnerships will be necessary with the goal of ensuring people have access to treatment and recovery services. These services must be readily available and delivered timely.**

**The recruitment and retention of law enforcement professionals is a national crisis. Hiring quality individuals to serve in the important role of police officer is a priority for our police department. Unfortunately, it has become very difficult to attract quality candidates willing to take on the job of a police officer. This is a problem affecting law enforcement agencies all over the country. Applications are down significantly and the job market has become very competitive. Every police department in the country is hiring and the applicant pool is shallow. Iowa and Marshalltown have not been immune from these challenges.**

# Chief's Message

**We are understaffed in the Marshalltown Police Department. We have a budgeted strength of forty-two police officers but have work for fifty police officers. This problem has existed for a decade. Our police department staff has done a remarkable job of doing more with less. We will continue to work with the community and our city council to find ways of meeting community needs. We must look for ways to leverage technology and policy as force multipliers so we can successfully address public safety challenges and meet service expectations.**

**Gun violence has been a problem affecting many communities across the United States. Fortunately, we have not had these same experiences here in Marshalltown. However, these are issues we are concerned about. Your police department routinely trains and prepares for active shooter events. We offer free violent intruder preparedness training for community members and community organizations. We will continue to work with our community partners to do all we can to prevent this type of violence from becoming a problem in our community.**

**Marshalltown continues to be a safe place in which to live, work, and raise a family. We continue to emphasize community policing initiatives and partnerships to combat crime. The problems we routinely face require strong partnerships between the police department, community members and community organizations. As members of the Marshalltown community, we all have a shared obligation for the policing that occurs here. The members of the police department embrace the daily opportunities we have to serve the public and address community concerns.**

**The men and women working in the police department continue to embrace the philosophy and goals of the Marshalltown City Council. We deliver services to our community with pride and professionalism, recognizing we are always ambassadors of the city. Despite resource challenges, and ever-changing technology needs, we understand our objective remains to serve the residents and guests of our community in a superior manner. Average is not acceptable and we recognize this high standard of professionalism is an expectation in our community.**

**I am very proud of the Marshalltown Police Department and the great group of employees serving our community. I have asked our staff members to serve the community with Passion & Compassion. We will continue to work with our community to solve problems, and provide public safety services, which make Marshalltown proud. Marshalltown is an outstanding community and the employees of the Marshalltown Police Department will collaborate with the community to make Marshalltown the best that it can be.**

**Best regards,**

**Michael W. Tupper

The members of the Support Services Division are dedicated to providing crucial support services to the other divisions within the department and to the public as well.

## CRIME SCENE TECHNICIAN

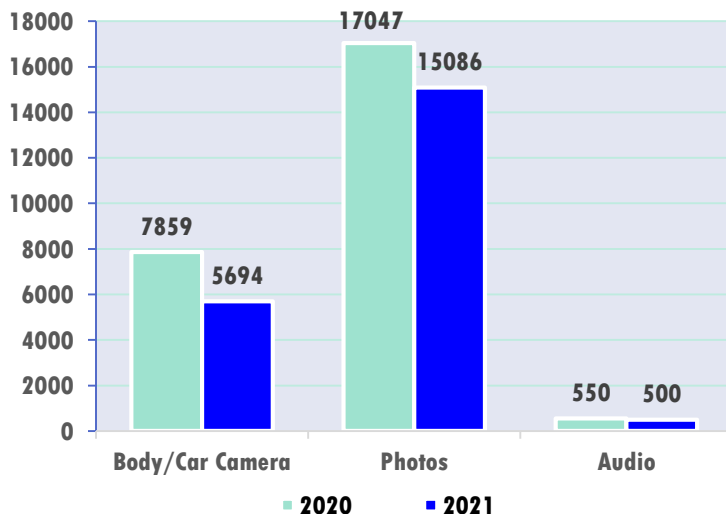

The Detective Division is complemented with a full-time Crime Scene/Evidence Technician (CST). Our CST assists the Detective Division with the methodical processing of crime scenes small and large by scene documentation, evidence processing, and evidence collection. We are fortunate enough to have a full-time professional CST with the department to ensure the successful preservation of all evidence and have the skill set locally. The CST also works with the state lab submitting evidence for further testing when needed.

In addition to scene processing, the CST also serves as the evidence technician handling all physical and digital evidence submitted. Cataloging, maintaining chain of custody, and proper disposal of property/evidence are critical for the integrity of cases.

The charts shown break down evidence by type. An upward trend is the amount of digital evidence managed by the property section. The amount of digital evidence recovered continues its upward trend and is expected to rise dramatically due to the increased use of body cameras, in-car cameras, commercial and residential surveillance cameras as well as the Marshall County Crime Stoppers video evidence.

## **INVESTIGATIONS**

**The Detective Division remained very busy throughout 2021. Included in the active investigations, the courts began resuming business for court hearings. Cases that had been subject to delayed prosecution due to COVID restrictions were able to be scheduled with the courts, allowing for final dispositions to be rendered. Of significant note were two homicide trials that were able to be heard during 2021. Each case was a homicide that occurred in Marshalltown during March 2020. These cases were exhausting and required the expenditure of time and effort to resolve to make them prosecutable. Both cases, when submitted to the courts, resulted in guilty verdicts, allowing for closure for the families involved.**

**The detective division investigated 237 cases throughout 2021, which included domestic violence, sexual assault, other physical assaults, narcotics, child welfare, fraud, forgery, weapons, harassment, sex offender registry violations, death investigations, no-contact order violations, and theft cases. The detective division has a specific detective assigned to review all domestic violence and sexual assault cases that are handled through the Marshalltown Police Department. Throughout 2021, 156 DV cases and 87 SA cases, along with over 111 violations of no-contact order crimes were reported to the MPD. All of these were reviewed, and over 70 combined sexual assault and domestic cases were further investigated by the detective division.**

**The detective division was assisted by the Division of Criminal Investigations, and also worked side by side with the Federal Court System with witnesses testifying before the Grand Jury. Sex crime cases were referred to the federal system as well for prosecution based on the age of the victim, the relationship of the victim to the perpetrator, and the specific type of crime committed. One of the cases has already been resolved with a plea of guilt by the offender due to the outstanding work of the investigating detective. The detective division also investigated three specific cases of sexual exploitation involving education staff and students. Two cases have been resolved, while one remains to wait for a court date.**

**The detective Division participated in coffee with a cop, shop with a cop, and other events hosted by the MPD. The detective division also participates in community education efforts by providing training on bank robbery scenarios to banking staff, and other educational opportunities such as how to speak to your child about sex, in cooperation with Child Abuse Prevention and Center Associates.**

## CAPTAIN BRIAN BATTERSON

The Operations Division led by Captain Brian Batterson, is comprised of uniformed officers who are the first responders to calls for service. Considered the foundation of the agency, officers assigned to this division are tasked with preventing and deterring criminal activity while enforcing local and state laws. Specialized assignments assist officers in accomplishing our public service goals. Bike Patrol, Traffic Crash Investigators, K-9 and Drug Recognition Experts all help supplement patrol services with advanced specialized training when needed.

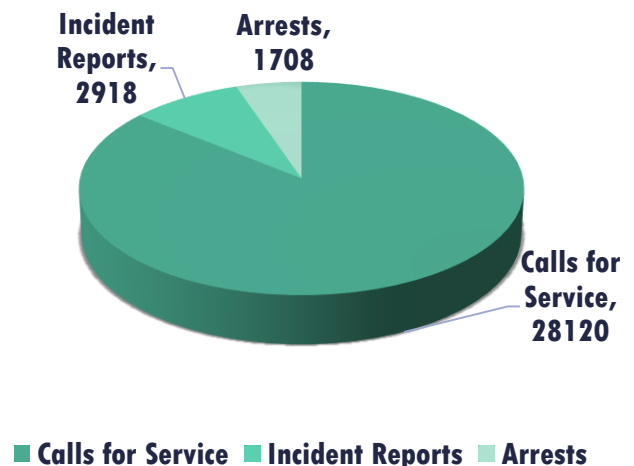

The men and women of the Marshalltown Police Department are focused 24-hours a day on patrolling the streets, traffic control, responding to emergency calls and conducting police activities in the neighborhoods and business district of Marshalltown. The Operations Division is the most visible section of the department and provides a full range of service seven days a week, twenty-four hours a day. Officers patrol the business districts, parks, recreational areas, walking/bicycle paths and residential neighborhoods day and night. Patrol officers handle a wide range of responsibilities, calls and incidents during every shift. Some of their duties include; routine patrol, responding to emergency 911 calls for service, assisting Fire/EMS, traffic enforcement, conducting house checks, assisting motorists, OWIs, and general enforcement. Additionally, officers respond to crimes in-progress, domestic situations, violent altercations, burglaries, high-risk incidents and armed subjects. The Operations Division is committed to working hard to serve the citizens of Marshalltown and building the public's trust.

The city is divided into three patrol areas for the purpose of equally distributing police resources around the city. Dividing the city into specific patrol areas helps increase public safety and police service in a number of ways. The defined areas allow shift leaders to better allocate staffing resources, ensure quicker response times, and increased police visibility. At any given time there is a minimum of 5 patrol officers working 24/7, 365 days a year.

Of these tips, 7 of them resulted in awards totaling \$1,200 for 2021.

Due to the program's overwhelmingly positive community reception, Marshall County Crime Stoppers has quickly gained the full support of all area law enforcement agencies and has been an extremely valuable tool for the Marshalltown Police Department in obtaining timely information on a variety of public safety concerns. Iowa Department of Public Safety  
GOVERNOR'S TRAFFIC SAFETY BUREAU

The 2020-2021 GTSB Traffic Program for the Marshalltown Police Department was met with challenges. We set high but attainable goals focused on three areas of enforcement; Impaired Driving, Occupant Restraint, and Moving/Speed violations. During the months greatly affected by Covid 19 we saw an increase in speed violators on our city streets therefore speed was a high priority for the department. In the prior grant year we had a total of 372 speed contacts which include written traffic warnings and written traffic citations. The 2020-2021 speed contacts were 515, an increase of 38%. Our department also saw an increase in alcohol related contacts, most specifically OWI's. The Marshalltown Police Department had a total of 145 contacts which was an increase of 48 contacts or 49% from the year prior. When you combine speed and alcohol then you tend to see an increase in motor vehicle crashes. We know that wearing your safety belt can help prevent serious injury or death during traffic crashes. We focused a lot more attention on occupant protection than the previous year. During the recent GTSB contract year we had 108 occupant protection contacts which was higher than just 32 in the 2019-2020 contract year, that was an increase of over 200%. The GTSB contract also requests two seatbelt surveys per year and our average rate of use was 92.8%.

## Child Passenger Safety Program

The Child Passenger Safety Seat Program continues to do well. We hosted a car seat event in June 2021. With four certified child safety seat technicians present, they inspected 85 seats in just four hours. Of those seats inspected, they provided 38 free replacement seats. The free replacement seats are available because of private donations gifted to the program and grant money from the Child Safety Seat Program that was applied for.
