Explanation of significant increases in the budget:

The regular and emergency levies primarily pay for increased costs of wages, gas/diesel, utilities, maintenance agreements, etc. The City is limited to the maximum of \$8.10 and \$.27 respectively for these two levies. Transit is paying more for paratransit rides. Liability and property insurance has been projected to increase by 20% over FY23's estimate. Health insurance is budgeted to increase by 10% for the last 6 months of FY24. The P/F Retirement and Employee Benefits levies are utilizing prior funds on hand so the amounts levied are lower than FY23. The FICA & IPERS rates did not change, but when wages go up, the dollar amounts increase for these benefits. The Local Emergency Management Commission has estimated a 5% increase.
