

FINAL OFFICIAL STATEMENT DATED NOVEMBER 13, 2023

In the opinion of Dorsey & Whitney LLP, Bond Counsel, according to present laws, rulings and decisions and assuming the accuracy of certain representations and compliance with certain covenants, the interest on the Bonds (i) is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code") and (ii) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on noncorporate taxpayers by Section 55 of the Code. Interest on the Bonds may, however, be taken into account in determining adjusted financial statement income for purposes of the federal alternative minimum tax imposed on applicable corporations (as defined in Section 59(k) of the Code) for tax years beginning after December 31, 2022. See "TAX EXEMPTION AND RELATED TAX MATTERS" herein.

\$9,840,000
CITY OF MARSHALLTOWN
Marshall County, Iowa
General Obligation Corporate Purpose Bonds, Series 2023

Dated Date of Delivery**Book-Entry****Due June 1 as Detailed Below**

The \$9,840,000 General Obligation Corporate Purpose Bonds, Series 2023 (the "Bonds") are being issued by the City of Marshalltown, Marshall County, Iowa (the "City" or the "Issuer"). Interest is payable semiannually on June 1 and December 1 of each year, commencing December 1, 2024. Interest is calculated based on a 360-day year of twelve 30-day months. The Bonds will be issued using a book-entry system. The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The ownership of one fully registered Bond for each maturity will be registered in the name of Cede & Co., as nominee for DTC and no physical delivery of Bonds will be made to purchasers. The Bonds will mature on June 1 in the following years and amounts.

AMOUNTS, MATURITIES, INTEREST RATES, YIELDS AND CUSIP NUMBERS

For further details see "**MANDATORY REDEMPTION**" herein

*These maturities have been priced to call.

OPTIONAL REDEMPTION

Bonds due June 1, 2025 - 2030, inclusive, are not subject to optional redemption. Bonds due June 1, 2031 - 2039, inclusive, are callable in whole or in part on any date on or after June 1, 2030, at a price of par and accrued interest. If less than all the Bonds are called, they shall be redeemed in such principal amounts and from such maturities as determined by the City and within any maturity by lot. See "**OPTIONAL REDEMPTION**" herein.

PURPOSE, LEGALITY AND SECURITY

The proceeds of the Bonds are expected to be used to: (i) pay the costs of constructing street, bridge, water utility, sanitary sewer utility, storm water drainage, alley and sidewalk improvements, acquiring and installing street lighting, signage and signalization improvements, streetscape beautification improvements, including art installation, planting of new trees and landscaping and (ii) pay certain costs of issuance related to the Bonds.

In the opinion of Dorsey & Whitney LLP, Des Moines, Iowa, the Bonds are valid and binding general obligations of the City, and all taxable property within the boundaries of the City is subject to the levy of taxes to pay the principal of and interest on the Bonds without constitutional or statutory limitation as to rate or amount. The City will furnish the written approving opinion of Bond Counsel, Dorsey & Whitney LLP, Des Moines, Iowa, evidencing legality of the Bonds and that the interest thereon is exempt from federal income taxes as and to the extent discussed under the heading "**TAX EXEMPTION AND RELATED CONSIDERATIONS**" herein.

The Bonds are offered when, as and if issued and received by the Underwriter, subject to the approving legal opinion of Dorsey & Whitney LLP, Des Moines, Iowa, Bond Counsel, and certain other conditions. It is expected that the Bonds will be made available for delivery on or about December 12, 2023.

No dealer, broker, salesman or other person has been authorized by the City to give any information or to make any representations with respect to the Bonds other than as contained in the Official Statement or the Final Official Statement and, if given or made, such other information or representations must not be relied upon as having been authorized by the City. Certain information contained in the Official Statement and the Final Official Statement may have been obtained from sources other than records of the City and, while believed to be reliable, is not guaranteed as to completeness. THE INFORMATION AND EXPRESSIONS OF OPINION IN THE OFFICIAL STATEMENT AND THE FINAL OFFICIAL STATEMENT ARE SUBJECT TO CHANGE, AND NEITHER THE DELIVERY OF THE OFFICIAL STATEMENT OR THE FINAL OFFICIAL STATEMENT NOR ANY SALE MADE UNDER EITHER SUCH DOCUMENT SHALL CREATE ANY IMPLICATION THAT THERE HAS BEEN NO CHANGE IN THE AFFAIRS OF THE CITY SINCE THE RESPECTIVE DATES THEREOF.

No representation is made regarding whether the Bonds constitute legal investments under the laws of any state for banks, savings banks, savings and loan associations, life insurance companies, and other institutions organized in such state, or fiduciaries subject to the laws of such state.

THE BONDS HAVE NOT BEEN REGISTERED WITH THE SECURITIES AND EXCHANGE COMMISSION BY REASON OF THE PROVISIONS OF SECTION 3(a)(2) OF THE SECURITIES ACT OF 1933, AS AMENDED. THE REGISTRATION OR QUALIFICATIONS OF THE BONDS IN ACCORDANCE WITH APPLICABLE PROVISIONS OF SECURITIES LAWS OF THE STATES IN WHICH THE BONDS HAVE BEEN REGISTERED OR QUALIFIED AND THE EXEMPTION FROM REGISTRATION OR QUALIFICATION IN OTHER STATES SHALL NOT BE REGARDED AS A RECOMMENDATION THEREOF. NEITHER THESE STATES NOR ANY OF THEIR AGENCIES HAVE PASSED UPON THE MERITS OF THE BONDS OR THE ACCURACY OR COMPLETENESS OF THIS OFFICIAL STATEMENT. ANY REPRESENTATION TO THE CONTRARY MAY BE A CRIMINAL OFFENSE.

References herein to laws, rules, regulations, ordinances, resolutions, agreements, reports and other documents do not purport to be comprehensive or definitive. All references to such documents are qualified in their entirety by reference to the particular document, the full text of which may contain qualifications of and exceptions to statements made herein. Where full texts have not been included as appendices to the Official Statement or the Final Official Statement, they will be furnished on request. This Official Statement does not constitute an offer to sell, or solicitation of an offer to buy, any securities to any person in any jurisdiction where such offer or solicitation of such offer would be unlawful.

BOND ISSUE SUMMARY

This Bond Issue Summary is expressly qualified by the entire Final Official Statement and should be reviewed in their entirety by potential investors.

Issuer:	City of Marshalltown, Marshall County, Iowa.
Issue:	\$9,840,000 General Obligation Corporate Purpose Bonds, Series 2023.
Dated Date:	Date of delivery (expected to be on or about December 12, 2023).
Interest Due:	Each June 1 and December 1, commencing December 1, 2024.
Principal Due:	Serially each June 1, commencing June 1, 2025 through 2039, as detailed on the cover page of this Final Official Statement.
Optional Redemption:	Bonds maturing on or after June 1, 2031, are callable at the option of the City on any date on or after June 1, 2030, at a price of par plus accrued interest. See “ OPTIONAL REDEMPTION ” herein.
Authorization:	The Bonds are being issued pursuant to authority established in Code of Iowa, 2023 as amended, Chapter 384 (the “Act”), and all laws amendatory thereof and supplementary thereto, and in conformity with a resolution (the “Resolution” or the “Bond Resolution”) of the City duly passed and approved.
Security:	The Bonds are valid and binding general obligations of the City, and all taxable property within the boundaries of the City is subject to the levy of taxes to pay the principal of and interest on the Bonds without constitutional or statutory limitation as to rate or amount.
Investment Rating:	The Bonds have been rated “Aa2” by Moody’s Investors Service, Inc., New York, New York. See “ INVESTMENT RATING ” herein.
Purpose:	The proceeds of the Bonds will be used to: (i) pay the costs of constructing street, bridge, water utility, sanitary sewer utility, storm water drainage, alley and sidewalk improvements, acquiring and installing street lighting, signage and signalization improvements, streetscape beautification improvements, including art installation, planting of new trees and landscaping and (ii) pay certain costs of issuance related to the Bonds.
Tax Exemption:	Dorsey & Whitney LLP, Des Moines, Iowa, will provide an opinion as to the tax exemption of the Bonds as discussed under “ TAX EXEMPTION AND RELATED TAX MATTERS ” in this Final Official Statement.
Bank Qualified:	The Bonds are not “qualified tax-exempt obligations” under Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.
Bond Registrar/Paying Agent:	UMB Bank, n.a., West Des Moines, Iowa (the “Registrar”).
Delivery:	The Bonds are expected to be delivered on or about December 12, 2023.
Book-Entry Form:	The Bonds will be registered in the name of Cede & Co. as nominee for The Depository Trust Company (“DTC”), New York, New York. DTC will act as securities depository of the Bonds. See APPENDIX B herein.
Denomination:	\$5,000 or integral multiples thereof.
Municipal Advisor:	Speer Financial, Inc., Waterloo, Iowa and Chicago, Illinois.

SECURITY AND SOURCE OF PAYMENT

Pursuant to the Resolution and the Act, the Bonds and the interest thereon are general obligations of the City, and all taxable property within the corporate boundaries of the City is subject to the levy of taxes to pay the principal of and interest on the Bonds without constitutional or statutory limitation as to rate or amount.

Section 76.2 of the Code of Iowa, 2023, as amended (the “Iowa Code”), provides that when an Iowa political subdivision issues general obligation bonds, the governing authority of such political subdivision shall, by resolution adopted before issuing the bonds, provide for the assessment of an annual levy upon all the taxable property in the political subdivision sufficient to pay the interest and principal of the bonds. A certified copy of this resolution shall be filed with the County Auditor in which the Issuer is located, giving rise to a duty of the County Auditor to annually enter this levy for collection from the taxable property within the boundaries of the Issuer, until funds are realized to pay the Bonds in full.

For the purpose of providing for the levy and collection of a direct annual tax sufficient to pay the principal of and interest on the Bonds as the same become due, the Resolution provides for the levy of a tax sufficient for that purpose on all the taxable property in the Issuer in each of the years while the Bonds are outstanding. The Issuer shall file a certified copy of the Resolution with the County Auditor, pursuant to which the County Auditor is instructed to enter for collection and assess the tax authorized. When annually entering such taxes for collection, the County Auditor shall include the same as a part of the tax levy for Debt Service Fund purposes of the Issuer and when collected, the proceeds of the taxes shall be converted into the Debt Service Fund of the Issuer and set aside therein as a special account to be used solely and only for the payment of the principal of and interest on the Bonds and for no other purpose whatsoever.

Pursuant to the provisions of Section 76.4 of the Iowa Code, each year while the Bonds remain outstanding and unpaid, any funds of the Issuer which may lawfully be applied for such purpose, may be appropriated, budgeted and, if received, used for the payment of the principal of and interest on the Bonds as the same become due, and if so appropriated, the taxes for any given fiscal year as provided for in the Resolution, shall be reduced by the amount of such alternate funds as have been appropriated for said purpose and evidenced in the Issuer's budget.

CERTAIN BONDHOLDERS' RISKS

An investment in the Bonds involves an element of risk. In order to identify risk factors and make an informed investment decision, potential investors should be thoroughly familiar with this entire Final Official Statement (including the appendices hereto) in order to make a judgement as to whether the Bonds are an appropriate investment.

Changes in Property Taxation

From time to time the Iowa General Assembly has altered the method of property taxation and could do so again. Any alteration in property taxation structure could affect property tax revenues available to pay the Bonds.

Historically, the Iowa General Assembly has applied changes in property taxation structure on a prospective basis; however, there is no assurance that future changes in property taxation structure by the Iowa General Assembly will not be retroactive. It is impossible to predict the outcome of future property tax changes by the Iowa General Assembly or their potential negative impact, if any, on the Bonds and the security for the Bonds.

Matters Relating to Enforceability of Agreements

There is no bond trustee or similar person to monitor or enforce the provisions of the Resolution. The owners of the Bonds should, therefore, be prepared to enforce such provisions themselves if the need to do so arises. In the event of a default in the payment of principal of or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the City and certain other public officials to perform the terms of the Resolution) may have to be enforced from year to year.

Bondholders shall have and possess all the rights of action and remedies afforded by the common law, the Constitution and statutes of the State of Iowa (the "State") and of the United States of America for the enforcement of payment of the Bonds, including, but not limited to, the right to a proceeding in law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by Iowa law and the Resolution.

The practical realization of any rights upon any default will depend upon the exercise of various remedies specified in the Resolution or the Loan Agreement. The remedies available to the Bondholders upon an event of default under the Resolution or the Loan Agreement, in certain respects, may require judicial action, which is often subject to discretion and delay. Under existing law, including specifically the federal bankruptcy code, certain of the remedies specified in the Loan Agreement or the Resolution may not be readily available or may be limited. A court may decide not to order the specific performance of the covenants contained in these documents. The legal opinions to be delivered concurrently with the delivery of the Bonds will be qualified as to the enforceability of the various legal instruments by limitations imposed by general principles of equity and public policy and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

No representation is made, and no assurance is given, that the enforcement of any remedies will result in sufficient funds to pay all amounts due under the Resolution or the Loan Agreement, including principal of and interest on the Bonds.

Secondary Market

There can be no guarantee that there will be a secondary market for the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. Occasionally, because of general market conditions or because of adverse history of economic prospects connected with a particular issue, secondary marketing practices in connection with a particular bond or note issue are suspended or terminated. Additionally, prices of bond or note issues for which a market is being made will depend upon then prevailing circumstances. Such prices could be substantially different from the original purchase price of the Bonds.

EACH PROSPECTIVE PURCHASER IS RESPONSIBLE FOR ASSESSING THE MERITS AND RISKS OF AN INVESTMENT IN THE BONDS AND MUST BE ABLE TO BEAR THE ECONOMIC RISK OF SUCH INVESTMENT. THE SECONDARY MARKET FOR THE BONDS, IF ANY, COULD BE LIMITED.

Ratings Loss

Moody's Investors Service, Inc. ("Moody's") has assigned a rating of "Aa2" to the Bonds. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance that the rating will continue for any given period of time, or that such rating will not be revised, suspended or withdrawn, if, in the judgment of Moody's, circumstances so warrant. A revision, suspension or withdrawal of a rating may have an adverse effect on the market price of the Bonds.

Various factors, including additional regulation of rating agencies could materially alter the methodology, rating levels, and types of ratings available, for example, and these changes, if ever, could materially affect the market value of the Bonds.

Redemption Prior to Maturity

In considering whether to make an investment in the Bonds, it should be noted the Bonds are subject to optional redemption, as outlined herein, without Bondholder discretion or consent. See "**OPTIONAL REDEMPTION**" herein.

Forward-Looking Statements

This Final Official Statement contains statements relating to future results that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. When used in this Final Official Statement, the words "anticipated," "plan," "expect," "projected," "estimate," "budget," "pro-forma," "forecast," "intend," "expect" and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty. Accordingly, such statements are subject to risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward-looking statements and the actual results. These differences could be material and could impact the availability of funds of the City to pay debt service when due on the Bonds.

Tax Matters and Loss of Tax Exemption

As discussed under the heading "**TAX EXEMPTION AND RELATED TAX MATTERS**" herein, the interest on the Bonds could become includable in gross income for purposes of federal income taxation retroactive to the date of delivery of the Bonds, as a result of acts or omissions of the City in violation of its covenants in the Resolution. Should such an event of taxability occur, the Bonds would not be subject to a special redemption and would remain outstanding until maturity or until redeemed under the redemption provisions contained in the Bonds, and there is no provision for an adjustment of the interest rate on the Bonds.

It is possible that actions of the City after the closing of the Bonds will alter the tax exempt status of the Bonds, and, in the extreme, remove the tax exempt status from the Bonds. In that instance, the Bonds are not subject to mandatory prepayment, and the interest rate on the Bonds does not increase or otherwise reset. A determination of taxability on the Bonds, after closing of the Bonds, could materially adversely affect the value and marketability of the Bonds.

DTC-Beneficial Owners

Beneficial Owners of the Bonds may experience some delay in the receipt of distributions of principal of and interest on the Bonds since such distributions will be forwarded by the Paying Agent to DTC and DTC will credit such distributions to the accounts of the Participants which will thereafter credit them to the accounts of the Beneficial Owner either directly or indirectly through Indirect Participants. Neither the City nor the Paying Agent will have any responsibility or obligation to assure that any such notice or payment is forwarded by DTC to any Participants or by any Participant to any Beneficial Owner.

In addition, since transactions in the Bonds can be effected only through DTC Participants, Indirect Participants and certain banks, the ability of a Beneficial Owner to pledge the Bonds to persons or entities that do not participate in the DTC system, or otherwise to take actions in respect of such Bonds, may be limited due to lack of a physical certificate. Beneficial Owners will be permitted to exercise the rights of registered Owners only indirectly through DTC and the Participants. See **APPENDIX B – Describing Book-Entry Only Issuance**.

Pension and OPEB Benefits

The City participates in two public pension systems, Iowa Public Employee's Retirement System (IPERS) and Municipal Fire and Police Retirement System of Iowa (MFPSI).

In fiscal year 2022, pursuant to the IPERS' required rate, the City's Regular employees (members) contributed 6.29% of covered payroll and the City contributed 9.44% of covered payroll, for a total rate of 15.73%. The City's contributions to IPERS for the year ended June 30, 2022 were \$626,387. The City's share of the contributions, payable from the applicable funds of the City, is provided by a statutorily authorized annual levy of taxes without limit or restriction as to rate or amount. The City has always made its full required contributions to IPERS.

At June 30, 2022, the City reported a liability of \$116,601 for its proportionate share of the IPERS net pension liability. The net pension liability was measured as of June 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The discount rate used to measure the total pension liability was 7%. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all IPERS participating employers. While the City's contributions to IPERS are controlled by state law, there can be no assurance the City will not be required by changes in State law to increase its contribution requirement in the future, which may have the effect of negatively impacting the finances of the City. See **"APPENDIX A – AUDITED FINANCIAL STATEMENTS"** for additional information on pension and liabilities of the City.

In fiscal year 2022, pursuant to the MFPSI's required rate, the City's employees (members) contributed 9.40% of earnable compensation and the City contributed 26.18% of earnable compensation, for a total rate of 35.58%. The City's contribution to MFPSI for year ended June 30, 2022 was \$1,237,081. The City's share of the contributions, payable from the applicable funds of the City, is provided by a statutorily authorized annual levy of taxes without limit or restriction as to rate or amount. The City has always made its full required contributions to MFPSI.

At June 30, 2022, the City reported a liability of \$3,318,521 for its proportionate share of the MFPSI net pension liability. The net pension liability was measured as of June 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The discount rate used to measure the total pension liability was 7.5%. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all MFPSI participating employers. While the City's contributions to MFPSI are controlled by state law, there can be no assurance the City will not be required by changes in State law to increase its contribution requirement in the future, which may have the effect of negatively impacting the finances of the City. See "**APPENDIX A – AUDITED FINANCIAL STATEMENTS OF THE ISSUER**" hereto for additional information on pension and liabilities of the City.

Bond Counsel, the Municipal Advisor, and the City undertake no responsibility for and make no representations as to the accuracy or completeness of the information available from IPERS or MFPSI discussed above or included on the IPERS or MFPSI websites, including, but not limited to, updates of such information on the State Auditor's website or links to other Internet sites accessed through the IPERS or MFPSI websites.

The City operates a single-employer retiree benefit plan which provides postemployment medical and dental benefits for retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

The following table shows the City's changes to the total OPEB liability:

Total OPEB Liability Beginning of Year	<u>\$15,642,185</u>
Changes for the year:	
Service Cost	159,127
Interest	497,899
Net difference between projected and actual earning on	
Pension plan investments	(2,860,266)
Changes in Assumptions	(3,925,428)
Demographic Change	2,035,105
Benefit Payments	(420,331)
Net Changes	<u>(4,513,894)</u>
Total OPEB Liability End of Year	<u>\$11,128,291</u>

See **APPENDIX A – Notes (7) and (8)** herein for further discussion of the City's employee retirement benefit obligations.

Continuing Disclosure

A failure by the City to comply with continuing disclosure obligations (see "**CONTINUING DISCLOSURE**" herein) will not constitute an event of default on the Bonds. Any such failure must be disclosed in accordance with Rule 15c2-12 (the "Rule") adopted by the Securities and Exchange Commission (the "Commission") under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and may adversely affect the transferability and liquidity of the Bonds and their market price.

The City will covenant in a Continuing Disclosure Certificate for the benefit of the Owners and Beneficial Owners of the Bonds to provide annually certain financial information and operating data relating to the City (the "Annual Report"), and to provide notices of the occurrence of certain enumerated events. The Annual Report is to be filed by the City no later than June 30, commencing with the fiscal year ending June 30, 2023, with the Municipal Securities Rulemaking Board, at its internet repository named "Electronic Municipal Market Access" ("EMMA"). The notices of events, if any, are also to be filed with EMMA. See "**APPENDIX D – FORM OF CONTINUING DISCLOSURE CERTIFICATE**." The specific nature of the information to be contained in the Annual Report or the notices of events, and the manner in which such materials are to be filed, are summarized in "**APPENDIX D – FORM OF CONTINUING DISCLOSURE CERTIFICATE**." These covenants have been made in order to assist the Underwriter in complying with the Rule)

Cybersecurity

The City, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As such, it may face multiple cybersecurity threats including but not limited to, hacking, viruses, malware and other attacks on computer or other sensitive digital systems and networks. There can be no assurances that any security and operational control measures implemented by the City will be completely successful to guard against and prevent cyber threats and attacks. Failure to properly maintain functionality, control, security, and integrity of the City's information systems could impact business operations and/or digital networks and systems and the costs of remedying any such damage could be significant. Along with significant liability claims or regulatory penalties, any security breach could have a material adverse impact on the City's operations and financial condition. The City cannot predict whether its cyber liability policy will be sufficient in the event of a cyberattack. However, the Bonds are secured by an unlimited ad valorem property tax as described herein. See "**SECURITY AND SOURCE OF PAYMENT**" herein.

Suitability of Investment

The interest rate borne by the Bonds is intended to compensate the investor for assuming the risk of investing in the Bonds. Each prospective investor should carefully examine this Final Official Statement and its own financial condition to make a judgment as to its ability to bear the economic risk of such an investment, and whether or not the Bonds are an appropriate investment for such investor.

Bankruptcy and Insolvency

The rights and remedies provided in the Resolution may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws or equitable principles that may affect the enforcement of creditors' rights, to the exercise of judicial discretion in appropriate cases and to limitations in legal remedies against exercise of judicial discretion in appropriate cases and to limitations on legal remedies against municipal corporations in the State. The various opinions of counsel to be delivered with respect to the Bonds and the Resolution, including the opinion of Bond Counsel, will be similarly qualified. If the City were to file a petition under Chapter Nine of the Federal Bankruptcy Code, the owners of the Bonds could be prohibited from taking any steps to enforce their rights under the Resolution. In the event the City fails to comply with its covenants under the Resolution or fails to make payments on the Bonds, there can be no assurance of the availability of remedies adequate to protect the interests of the holders of the Bonds.

Under sections 76.16 and 76.16A of the Iowa Code, as amended, a city, county, or other political subdivision may become a debtor under Chapter Nine of the Federal Bankruptcy Code, if it is rendered insolvent, as defined in 11 U.S.C. §101(32)(c), as a result of a debt involuntarily incurred. As used therein, "debt" means an obligation to pay money, other than pursuant to a valid and binding collective bargaining agreement or previously authorized bond issue, as to which the governing body of the city, county, or other political subdivision has made a specific finding set forth in a duly adopted resolution of each of the following: (1) that all or a portion of such obligation will not be paid from available insurance proceeds and must be paid from an increase in general tax levy; (2) that such increase in the general tax levy will result in a severe, adverse impact on the ability of the city, county, or political subdivision to exercise the powers granted to it under applicable law, including without limitation providing necessary services and promoting economic development; (3) that as a result of such obligation, the city, county, or other political subdivision is unable to pay its debts as they become due; and (4) that the debt is not an obligation to pay money to a city, county, entity organized pursuant to Chapter 28E of the Iowa Code, or other political subdivision.

Legislation

From time to time, there are proposals pending in Congress and in the Iowa General Assembly that could, if enacted, alter or amend one or more of the matters described herein in certain respects or would adversely affect the market value of the Bonds, or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. Further such proposals may impact the marketability or market value of the Bonds simply by being proposed. It cannot be predicted whether or in what forms any of such proposals, either pending or that may be introduced, may be enacted and there can be no assurance that such proposals will not apply to the Bonds. In addition regulatory actions are from time to time announced or proposed, and litigation threatened or commenced, which if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby.

Tax Levy Procedures

The Bonds are general obligations of the City, payable from and secured by a continuing ad valorem tax levied against all of the taxable real property within the corporate limits of the City. See "**PROPERTY ASSESSMENT AND TAX INFORMATION**" herein for more details. As part of the budgetary process each fiscal year, the City will have an obligation to request a debt service levy to be applied against all of the taxable real property within the corporate limits of the City. A failure on the part of the City to make a timely levy request or a levy request by the City that is inaccurate or is insufficient to make full payments of the debt service of the Bonds for a particular fiscal year may cause Bondholders to experience delay in the receipt of distributions of principal of and/or interest on the Bonds. In the event of a default in the payment of principal of or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the City and certain other public officials to perform the terms of the Resolution) may have to be enforced from year to year.

Loss of Tax Base

Economic and other factors beyond the City's control, such as economic recession, deflation of property values, or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood, fire or other natural disaster, could cause a reduction in the assessed value within the corporate boundaries of the City. In addition, the State of Iowa has been susceptible to tornados, flooding and other extreme weather wherein winds and flooding have from time to time caused significant damage, which if such events were to occur, may have an adverse impact on the City's financial position.

Risk of Audit

The Internal Revenue Service has an ongoing program to audit tax-exempt obligations to determine the legitimacy of the tax status of such obligations. No assurance can be given as to whether the Internal Revenue Service will commence an audit of the Bonds. Public awareness of any audit could adversely affect the market value and liquidity of the Bonds during the pendency of the audit, regardless of the ultimate outcome of the audit.

Other Factors

An investment in the Bonds involves an element of risk. The foregoing is intended only as a summary of certain risk factors attendant to an investment in the Bonds. In order for potential investors to identify risk factors and make an informed investment decision, potential investors should become thoroughly familiar with this entire Final Official Statement and the Appendices hereto.

THE CITY

The City is located in East Central Iowa and was incorporated in 1863 under the laws of the state of Iowa (the “State”), later amended in July 1975, under the City Home Rule Act. The City is approximately 19.19 square miles. The City is the largest city in Marshall County (the “County”).

City Organization and Services

The City operates by ordinance under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The Mayor and Council are elected for a four year staggered term rotation, allowing continuity within the membership. Four of the council members are elected from within their respective districts. The Mayor and the three remaining council members are elected at large. The City Administrator, hired by the City Council; is responsible for carrying out the policies and ordinances of the council, overseeing the day-to-day operations of the government, and for hiring the City Clerk and department managers. Policy is established by the Mayor and the City Council.

The City employs approximately 172 full-time equivalent employees, including sworn police officers and firefighters. The different City departments are organized under four unions. The union contracts have been ratified and expire on June 30, 2027 for UAW and June 30, 2024 for PPME, Police, & Fire.

The City provides the following services as authorized by its charter: public safety, public works, health and social services, culture and recreation, and community development. The City also provides additional services including sewage collection and disposal, compost facility, a transit system, storm water system, and municipal parking lots. The Fire Department has 10 trucks and special vehicles and two motorized boats, and operates out of one station, which is now in the same building as the Police Department. City government services are administered at City Hall. The City owns and operates a water works system and a sewage collection, and secondary treatment system. The City’s Water Works is organized as a separate entity and is managed by a separate board of trustees, which is appointed.

Community Life

The City considers itself a central hub for the State and offers four diverse golf courses, art galleries, a historic Main Street, antique shopping, annual festivals and events/architectural tours, Lincoln Highway, indoor and outdoor aquatic centers, and 9.6 miles of bike and walking trails. The City is located just 30 miles north of the Iowa Speedway of Newton and close to vineyards and wineries, a Las Vegas-style casino and other attractions. The City offers a small-town lifestyle within reach of a large metropolitan area for culture and transportation.

Quality of life is a high priority for many organizations in the community, with new attractions and assets being added to the portfolio each year. The Marshalltown Arts and Civic Center, owned by the Fisher Governor Foundation, has re-opened following a \$6 million renovation. This facility includes the Fisher Art Museum with a collection of Impressionist art work. Public art has become the norm throughout the community thanks to the Marshall County Arts and Culture Alliance. New murals are springing up on buildings throughout Downtown, while a new sculpture has been installed outside the auditorium at Marshalltown High School. A new Arts and Culture Master Plan was released in early 2023 to help align the promotion of arts and culture through City projects and programming and throughout the community.

The City continues to focus on projects which bring people outdoors. Sections of the Linn Creek Trail were redone in 2021, enhancing the user experience. Additional trail connections are planned for 2023, including work on replacing four bridges on the Iowa River’s Edge Trail. That work is being done in partnership with TRAILS Inc., a local non-profit dedicated to the completion of the trail in Marshall County. The City also opened the first ever pocket park located in Downtown. This park features a pickleball court, as well as a unique public art project of sidewalk poetry. Elks Park, a neighborhood park on the north side of the community, is nearing the end of a total renovation, while planning has started on similar renovations to Peterson Park (northeast) and Kiwanis Park (southeast).

Education

The Marshalltown Community School District is the largest of two school districts serving the City and has a total certified enrollment of 5,287 students for the 2021-22 school year. East Marshall School District has a certified enrollment of 567 students.

Vocational and technical education courses are available from Iowa Valley Community College District. The community college district is comprised of Ellsworth Community College in Iowa Falls, Iowa Valley Continuing Education, Buena Vista College and Marshalltown Community College in the City, and Iowa Valley Grinnell, located in Grinnell. The Iowa Valley Community College District has enrollment of approximately 3,100 full-time and part-time students. College and graduate level degree programs are available from several colleges and universities including the University of Iowa, located 100 miles southeast of the City in Iowa City; Iowa State University, located 41 miles west of the City in Ames, Drake University, located 52 miles southwest in Des Moines, and the University of Northern Iowa located 52 miles northeast in Cedar Falls.

Transportation

The City is located 52 miles northeast of Des Moines, Iowa, approximately 245 miles northeast of Kansas City, Missouri and, 320 miles west of Chicago, Illinois. It is accessible by U.S. Highway 30 and State Highway 14. Interstate 80 runs south of the City approximately 30 miles, linking the City to other communities east and west throughout Iowa and the nation. The Union Pacific Railroad runs through the City and provides a direct route from Chicago to the West Coast. Its north-south lines run through nearby Des Moines connecting Minneapolis and Kansas City.

Recent Events

The City continues to recover from the 2018 tornado and the 2020 derecho with recovery efforts still heavily focused in the Downtown. All demolition work from the disasters should be completed by the end of 2023, leaving the opportunities for redevelopment and growth in the years to come. The redevelopment is already evident that several new housing units have been completed or are under construction downtown. The City began the first phase of the Downtown Implementation Plan in 2023, which will be a complete reconstruction of six-blocks of State Street. The project was awarded in 2022, but supply chain issues did not allow for work to begin immediately. Construction is planned to be complete on this phase by the end of 2024. Planning has begun on the next phase, three blocks of East Main Street and two block of Center Street with construction projected to begin in 2025.

In addition to the City's work in downtown, significant renovations are underway by private developers (with some City funding assistance) at three historic building, which will result in 4-5 new first floor commercial spaces and 16 new upper-story housing units. This is more than a \$6 million investment in the three Main Street buildings. Work is also underway in 2023 with façade work on five storefronts thanks to a \$500,000 Downtown Revitalization Grant through the Iowa Economic Development Authority and City cost-share funds with completion anticipated by end of 2024. A new pharmacy building was recently constructed downtown and has opened for business.

New commercial development is also occurring in business districts outside of downtown. A new hospital has been constructed in recent years. A new medical clinic opened in 2023. A new VA medical clinic is in the final planning phases. A new fast food restaurant and credit union are also under construction. Several large retailers are looking for space to locate in Marshalltown in the near future.

Housing has been a priority in the community for years. The City partnered with a developer on a new subdivision, which has completed the road and utility infrastructure in addition to the subdivision platting process to create 27 new lots, two of which are lots available for mixed-use to include the possibility of commercial space. The City also partnered with a developer on the infrastructure for a new multi-family development. Construction started in 2022 and the road/utility infrastructure is expected to be completed soon. Two 36-unit apartment buildings have been under construction in this development with a third building recently being submitted for a building permit.

The City is also focusing on industrial growth. The Edgewood Industrial Park construction is underway, with completion anticipated later this year. Grants from the Iowa Department of Transportation and the U.S. Economic Development Administration are covering more than 75 percent of the costs to construct a new bypass roadway from Highway 14 to Marion Street and JBS USA pork processing plant. This will divert approximately 150 - 200 semi-trucks each day off of Highway 14 and away from a mix of residential and commercial properties. This opens up around 40 acres of land owned by the City which is zoned for heavy industry. The City is also in the final stages of Step 3 for a General Industrial site certification of 95 acres of City-owned farmland with the Iowa Economic Development Authority.

A local car dealer is expanding their capital improvements by approximately \$20 million.

SOCIOECONOMIC INFORMATION

The following demographic information is for the City. Additional comparisons are made with the County and the State.

Population

The following table reflects population trends for the City, the County and the State.

Population Comparison(1)

<u>Year</u>	<u>The City</u>	<u>Percent Change</u>	<u>The County</u>	<u>Percent Change</u>	<u>The State</u>	<u>Percent Change</u>
1970	26,219	n/a	41,076	n/a	2,824,376	n/a
1980	26,938	2.74%	41,652	1.40%	2,913,808	3.17%
1990	25,178	(6.53%)	38,276	(8.11%)	2,776,755	(4.70%)

Local Option Sales Tax

The City approved a 1% local option sales and service tax (“LOSST”) at a special referendum. The LOSST for the City became effective April 1, 2000. In 2011 the City held a referendum, which was approved by voters, to extend the LOSST through fiscal year 2025. The City held a special referendum on August 1, 2017 to change the allocation of the LOSST. The City’s LOSST proceeds are designated 78% for property tax relief, and the remaining 22% to be used for any legal purpose.

The State Director of Revenue (the “Director”) administers collection and disbursement of all local option sales and services taxes in conjunction with administration of the State-wide sales, services and use tax. The Director credits the Local Option Tax receipts to the City’s account in the Local Option Tax fund. Historically, by August 15 of each fiscal year, the Director is required to send the City an estimate of the amount of local option sales and services taxes it will receive for the year and by month. By August 31, the Director is required to remit 95% of the estimated tax receipts for the City to the City’s account and by the last day of each following month. By November 10 of the next fiscal year, the Director is required to make the final payment, which could include needed adjustments for over- or under-payments when comparing actual tax receipts against the payments made based upon estimates. Beginning with the October 2022 Local Option Tax payment, the State Department of Revenue (the “Department of Revenue”) makes distributions based on actual Local Option Tax receipts in the preceding month.

Local Option Taxes are based on the same sales currently taxed by the state-wide 6% sales and services tax, with the present statutory exceptions of (i) certain sales of motor fuel or special fuel as defined in Chapter 452A, (ii) the sale of natural gas or electric energy in a city or county where the gross receipts are subject to a franchise fee or user fee during the period the franchise or user fee is imposed, (iii) the sales price from a pay television service consisting of a direct-to-home satellite service, or (iv) the sale of equipment by the State Department of Transportation.

Once approved, a Local Option Tax can only be repealed through a public referendum at which a majority voting approves the repeal or tax rate change (or upon motion of the governing body), provided no obligations secured by the Local Option Tax are outstanding. If a Local Option Tax is not imposed county-wide, then the question of repeal is voted upon only by voters in such areas of a county where the tax has been imposed. Local Option Tax may not be repealed within one year of the effective date.

The following table shows the trend of the City’s Local Option Tax receipts.

Local Option Tax Receipts(1)

<u>Fiscal Year Ending June 30</u>	<u>Local Option Sales Tax Receipts(2)</u>	<u>Percent Change +(-)</u>
2015	\$3,165,062	n/a
2016	4,323,828	36.61%
2017	3,273,231	(24.30%)
2018	3,177,721	(2.92%)
2019	3,591,861	13.03%
2020	3,850,716	7.21%
2021	4,270,215	10.89%
2022	4,174,252	(2.25%)
2023	3,984,800	(4.54%)
2024	3,984,801(3)	0.00%

Notes: (1) Source: Iowa Department of Revenue.
(2) Includes a reconciliation payment attributable to the previous fiscal year for fiscal years 2015 through 2022.
(3) Collections received or expected to be received.

Retail Sales

The Department of Revenue provides retail sales figures based on sales tax reports for years ending June 30. The Department of Revenue figures provide recent data to confirm trends in retail sales activity in the City. The following amounts exclude the City's Local Option Tax.

Retail Taxable Sales(1)

<u>Fiscal Year Ending June 30</u>	<u>Taxable Sales</u>	<u>Annual Percent Change + (-)</u>
2013	\$321,699,702	n/a
2014	328,920,980	2.24%
2015	331,780,905	0.87%
2016	352,326,540	6.19%
2017	360,825,713	2.41%
2018	361,952,959	0.31%
2019	375,183,985	3.66%
2020	359,899,562	(4.07%)
2021	394,288,419	9.56%
2022	383,731,299	(2.68%)

Growth from 2013 to 2022 19.28%

Note: (1) Source: the Iowa Department of Revenue.

THE PROJECT

Bond proceeds will be used to: (i) pay the costs of constructing street, bridge, water utility, sanitary sewer utility, storm water drainage, alley and sidewalk improvements, acquiring and installing street lighting, signage and signalization improvements, streetscape beautification improvements, including art installation, planting of new trees and landscaping and (ii) pay certain costs of issuance related to the Bonds.

SHORT-TERM BORROWING

The City has not issued tax anticipation warrants or revenue anticipation notes during the last five years to meet its short-term current year cash flow requirements.

DEBT INFORMATION

After issuance of the Bonds, the City will have outstanding \$63,075,000 principal amount of general obligation debt. In addition, the City has outstanding approximately \$20,349,000 principal amount of sewer revenue debt issued through the State Revolving Fund program that does not count against the City's debt capacity.

The remainder of this page was left blank intentionally.

Debt Limitation

The amount of general obligation debt a political subdivision of the State can incur is controlled by the constitutional debt limit, which is an amount equal to 5% of the actual value of taxable property within the corporate limits, taken from the last County Tax list. According to and based upon the January 1, 2022 property valuations, for taxes payable in September 2023 and March 2024, the City's debt limit, based upon said valuation, amounts to the following:

2022 100% Actual Valuation of Property.....	\$ 1,856,302,458
Constitutional Debt Limit	\$ 92,815,123
Outstanding Bonds/Notes Applicable to Debt Limit:	
Total G.O. Debt Subject to Debt Limit	\$ 63,075,000
Other Legal Indebtedness (TIF Rebates)(1)	<u>1,820,048</u> (2)
Total Applicable Debt	<u>\$ 64,895,048</u>
Remaining Debt Capacity.....	\$ 27,920,075

Notes: (1) As reported by the City pursuant to development agreements for urban renewal projects under the authority of Iowa Code Chapter 403 or other intergovernmental agreements (under chapter 28E, etc.). The Iowa Supreme Court has not formally ruled on the question of whether contracts to rebate the tax increment generated by a particular development constitutes indebtedness of a City for constitutional debt limit purposes. The amount reported above includes amount payable under rebate agreements that may not be debt. Some development agreements are subject to the right of annual appropriation by the City, thereby limiting the extent of possible debt to only amount currently due and appropriated in the current fiscal year. Amounts payable under a particular development agreement may not constitute legal indebtedness but are memorialized in the table above to conservatively state the City's possible financial exposure. Payment of future installments may be dependent upon undertakings by the developers, which may have not yet occurred. The City actively pursues opportunities consistent with the development goals of its various urban renewal plans, which may be amended from time to time, and the City may enter into additional development agreements committing to additional rebate incentives in fiscal year 2024 or after. See "OTHER DEBT – TIF-backed Agreements" table herein for more information.

(2) Rebates payable based on property valuations as of January 1, 2022.

The City does not expect to issue any additional general obligation debt in fiscal year 2024.

 (3) Excludes \$4,185,000 in Industrial New Jobs Training Certificates, which are expected to be paid by proceeds from anticipated job credits from withholding taxes.

TIF - backed Development Agreements

From time to time the City, pursuant to Section 403.9 of the Iowa Code and the Issuer's urban renewal plans, has entered into Development agreements which contain payment obligations from the Issuer to an external party. The Issuer's payment requirements under these contracts are not structured as general liabilities of the Issuer, but rather are exclusively secured by and payable from a pledge of the City's incremental property tax revenues (TIF) to be derived from the taxable properties (or some subset thereof) contained within an urban renewal area of the Issuer pursuant to Section 403.19 of the Iowa Code. The City's payment obligation under these contracts are routinely contingent upon development or redevelopment performance requirements of the external party and are typically made subject to annual appropriation rights by the City Council. TIF Payments under these contracts are typically due and owing semi-annually on December 1 and June 1 of each fiscal year of the City.

The following table contains information of the City's more significant Development Agreements:

Agreement Date	Urban Renewal Area	Project Description	Maximum Remaining Payment Amount (as of 6/30/23)	Last Payment Date

PROPERTY ASSESSMENT AND TAX INFORMATION

Property Tax Assessment

In compliance with Section 441.21 of the Iowa Code, the Director annually directs all county auditors to apply prescribed statutory percentages to the assessments of certain categories of real property. The final values, called Actual Valuation, are then adjusted by the County Auditor. Assessed or Taxable Valuation subject to tax levy is then determined by the application of State determined rollback percentages, principally to residential property and commercial property.

Beginning in 1978, the State required a reduction in Actual Valuation to reduce the impact of inflation on its residents. The resulting value is defined as the Assessed or Taxable Valuation. Such rollback percentages may be changed in future years. Certain historical rollback percentages for residential, multi-residential, agricultural and commercial valuations are as follows:

Percentages for Taxable Valuation After Rollbacks(1)

<u>Fiscal Year</u>	<u>Residential</u>	<u>Multi-Residential(2)</u>	<u>Ag Land & Buildings</u>	<u>Commercial & Industrial</u>
2014/15.....	54.4002%	N/A	43.3997%	95.0000%
2015/16.....	55.7335%	N/A	44.7021%	90.0000%
2016/17.....	55.6259%	86.2500%	46.1068%	90.0000%
2017/18.....	56.9391%	82.5000%	47.4996%	90.0000%
2018/19.....	55.6209%	78.7500%	54.4480%	90.0000%
2019/20.....	56.9180%	75.0000%	56.1324%	90.0000%
2020/21.....	55.0743%	71.2500%	81.4832%	90.0000%
2021/22.....	56.4094%	67.5000%	84.0305%	90.0000%
2022/23.....	54.1302%	63.7500%	89.0412%	90.0000%
2023/24.....	54.6501%	N/A	91.6430%	90.0000%

Notes: (1) Source: the Iowa Department of Revenue.
(2) New category beginning with fiscal year 2017, to be phased into residential category with valuations beginning January 1, 2022.
(3) For assessment year 2022 (applicable to fiscal year 2023/24 valuations), the taxable value rollback rate is 54.6501% of actual value for residential property; 91.6430% of actual value for agricultural property and 100.0000% of the actual value of utility property. The residential taxable rollback rate of 54.6501% applies to the value of each property unit of commercial, industrial and railroad property that exceeds zero dollars (\$0), but does not exceed one hundred fifty thousand dollars (\$150,000), with a taxable value rollback rate of 90.0000% to the value that exceeds one hundred fifty thousand dollars (\$150,000).

Property is assessed on a calendar year basis. The assessments finalized as of January 1 of each year are applied to the following fiscal year. For example, the assessments finalized on January 1, 2022, are used to calculate tax liability for the tax year starting July 1, 2023 through June 30, 2024.

Total		\$194,698,357
Ten Largest Taxpayers as Percent of City's 2022 Taxable Valuation (\$965,068,133).....		20.17%

Notes: (1) Source: the County.
 (2) Every effort has been made to seek out and report the largest taxpayers. However, many of the taxpayers listed contain multiple parcels and it is possible that some parcels and their valuations have been overlooked.

The remainder of this page was left blank intentionally.

Levy Limits

Normal municipal operations and maintenance costs are generally funded through the corporate property tax levy. The Iowa Code does not allow the municipal general fund to be taxed above \$8.10 per thousand dollars of taxable value in any one year. In addition to the General Fund, there are several other tax funds that the City can create and use for specific purposes.

The property tax rates for the City from levy year 2018 through levy year 2022 are shown below:

Property Tax Rates⁽¹⁾⁽²⁾ (Per \$1,000 Actual Valuation)

Fiscal Year: Levy Year:	2019/20 2018	2020/21 2019	2021/22 2020	2022/23 2021	2023/24 2022

FINANCIAL INFORMATION

Financial Reports

The City's financial statements are audited annually by certified public accountants. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. The accounting policies of the City conform to accounting principles generally accepted in the United States of America as applicable to governments. See **APPENDIX A** for more detail.

No Consent or Updated Information Requested of the Auditor

The tables and excerpts (collectively, the "Excerpted Financial Information") contained in this "**FINANCIAL INFORMATION**" section are from the audited financial statements of the City, including the audited financial statements for the fiscal year ended June 30, 2022 (the "2022 Audit"). The 2022 Audit has been prepared by Eide Bailly LLP, Certified Public Accountants, Dubuque, Iowa, (the "Auditor"), and received by the City Council. The City has not requested the Auditor to update information contained in the Excerpted Financial Information and the 2022 Audit; nor has the City requested that the Auditor consent to the use of the Excerpted Financial Information and the 2022 Audit in this Final Official Statement. The inclusion of the Excerpted Financial Information and the 2022 Audit in this Final Official Statement in and of itself is not intended to demonstrate the fiscal condition of the City since the date of the 2022 Audit. Questions or inquiries relating to financial information of the City since the date of the 2022 Audit should be directed to the City.

Summary Financial Information

The following tables are summaries and do not purport to be the complete audits, copies of which are available upon request. See **APPENDIX A** for the City's 2022 Audit. The City's expects its General Fund balance for the fiscal year ending June 30, 2023 to increase by approximately \$240,500. The City has approved a budget for fiscal year 2024 with an anticipated increase to the General Fund balance of approximately \$300,000. To date, revenues and expenditures are generally within budgeted amounts.

 (2) Property taxes are transferred in from a special revenue tax fund to offset the employee benefits that are expensed through the General Fund.

REGISTRATION, TRANSFER AND EXCHANGE

See also **APPENDIX B – DESCRIBING BOOK-ENTRY-ONLY ISSUANCE** for information on registration, transfer and exchange of book-entry bonds. The Bonds will be initially issued as book-entry bonds.

The City shall cause books for the registration and for the transfer of the Bonds to be kept at the principal office maintained for the purpose by UMB Bank, n.a., West Des Moines, Iowa (the "Bond Registrar"). The City will authorize to be prepared, and the Bond Registrar shall keep custody of, multiple bond blanks executed by the City for use in the transfer and exchange of Bonds.

Any Bond may be transferred or exchanged, but only in the manner, subject to the limitations, and upon payment of the charges as set forth in the Resolution. Upon surrender for transfer or exchange of any Bond at the principal office maintained for the purpose by the Bond Registrar, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to the Bond Registrar and duly executed by the registered owner or such owner's attorney duly authorized in writing, the City shall execute and the Bond Registrar shall authenticate, date and deliver in the name of the registered owner, transferee or transferees (as the case may be) a new fully registered Bond or Bonds of the same maturity and interest rate of authorized denominations, for a like aggregate principal amount.

The execution by the City of any fully registered Bond shall constitute full and due authorization of such Bond, and the Bond Registrar shall thereby be authorized to authenticate, date and deliver such Bond, provided, however, the principal amount of outstanding Bonds of each maturity authenticated by the Bond Registrar shall not exceed the authorized principal amount of Bonds for such maturity less Bonds previously paid.

The Bond Registrar shall not be required to transfer or exchange any Bond following the close of business on the fifteenth day of the month next preceding an interest payment date on such bond (known as the record date), nor to transfer or exchange any Bond after notice calling such Bond for redemption has been mailed, nor during a period of fifteen days next preceding mailing of a notice of redemption of any Bonds.

The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the principal of or interest on any Bonds shall be made only to or upon the order of the registered owner thereof or such owner's legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

No service charge shall be made for any transfer or exchange of Bonds, but the City or the Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Bonds except in the case of the issuance of a Bond or Bonds for the unredeemed portion of a bond surrendered for redemption.

TAX EXEMPTION AND RELATED TAX MATTERS

Federal Income Tax Exemption

The opinion of Bond Counsel will state that under present laws and rulings, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on noncorporate taxpayers under the Code.

The opinion set forth in the preceding sentence will be subject to the condition that the Issuer comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal income tax purposes to be retroactive to the date of issuance of the Bonds. In the resolution authorizing the issuance of the Bonds, the Issuer will covenant to comply with all such requirements.

There may be certain other federal tax consequences to the ownership of the Bonds by certain taxpayers, including without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain S corporations, individual recipients of Social Security and Railroad Retirement benefits, taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations, and corporations that may be subject to the alternative minimum tax. Bond Counsel will express no opinion with respect to other federal tax consequences to owners of the Bonds. Prospective purchasers of the Bonds should consult with their tax advisors as to such matters.

Ownership of the Bonds may result in other state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the Bonds. Prospective purchasers of the Bonds should consult their tax advisors regarding the applicability of any such state and local taxes.

Proposed Changes in Federal and State Tax Law

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Bonds or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. Further, such proposals may impact the marketability or market value of the Bonds simply by being proposed. No prediction is made whether such provisions will be enacted as proposed or concerning other future legislation affecting the tax treatment of interest on the Bonds. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax exempt status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby.

Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Original Issue Premium

The Bonds maturing in the years 2025 - 2034, inclusive, are being issued at a premium to the principal amount payable at maturity. Except in the case of dealers, which are subject to special rules, Bondholders who acquire the Bonds at a premium must, from time to time, reduce their federal tax bases for the Bonds for purposes of determining gain or loss on the sale or payment of such Bonds. Premium generally is amortized for federal income tax purposes on the basis of a bondholder's constant yield to maturity or to certain call dates with semiannual compounding. Bondholders who acquire any Bonds at a premium might recognize taxable gain upon sale of the Bonds, even if such Bonds are sold for an amount equal to or less than their original cost. Amortized premium is not deductible for federal income tax purposes. Bondholders who acquire any Bonds at a premium should consult their tax advisors concerning the calculation of bond premium and the timing and rate of premium amortization, as well as the state and local tax consequences of owning and selling the Bonds acquired at a premium.

Original Issue Discount

The Bonds maturing in the years 2037 – 2038, inclusive (collectively, the “Discount Bonds”) are being sold at a discount from the principal amount payable on such Discount Bonds at maturity. The difference between the price at which a substantial amount of the Discount Bonds of a given maturity is first sold to the public (the “Issue Price”) and the principal amount payable at maturity constitutes “original issue discount” under the Internal Revenue Code. The amount of original issue discount that accrues to a holder of a Discount Bond under section 1288 of the Internal Revenue Code is excluded from federal gross income to the same extent that stated interest on such Discount Bond would be so excluded. The amount of the original issue discount that accrues with respect to a Discount Bond under section 1288 is added to the owner's federal tax basis in determining gain or loss upon disposition of such Discount Bond (whether by sale, exchange, redemption or payment at maturity).

Interest in the form of original issue discount accrues under section 1288 pursuant to a constant yield method that reflects semiannual compounding on dates that are determined by reference to the maturity date of the Discount Bond. The amount of original issue discount that accrues for any particular semiannual accrual period generally is equal to the excess of (1) the product of (a) one-half of the yield on such Discount Bonds (adjusted as necessary for an initial short period) and (b) the adjusted issue price of such Discount Bonds, over (2) the amount of stated interest actually payable. For purposes of the preceding sentence, the adjusted issue price is determined by adding to the Issue Price for such Discount Bonds the original issue discount that is treated as having accrued during all prior semiannual accrual periods. If a Discount Bond is sold or otherwise disposed of between semiannual compounding dates, then the original issue discount that would have accrued for that semiannual accrual period for federal income tax purposes is allocated ratably to the days in such accrual period.

An owner of a Discount Bond who disposes of such Discount Bond prior to maturity should consult owner's tax advisor as to the amount of original issue discount accrued over the period held and the amount of taxable gain or loss upon the sale or other disposition of such Discount Bond prior to maturity.

Owners who purchase Discount Bonds in the initial public offering but at a price different than the Issue Price should consult their own tax advisors with respect to the tax consequences of the ownership Discount Bonds.

The Internal Revenue Code contains provisions relating to the accrual of original issue discount in the case of subsequent purchasers of bonds such as the Discount Bonds. Owners who do not purchase Discount Bonds in the initial offering should consult their own tax advisors with respect to the tax consequences of the ownership of the Discount Bonds.

Original issue discount that accrues in each year to an owner of a Discount Bond may result in collateral federal income tax consequences to certain taxpayers. No opinion is expressed as to state and local income tax treatment of original issue discount. All owners of Discount Bonds should consult their own tax advisors with respect to the federal, state, local and foreign tax consequences associated with the purchase, ownership, redemption, sale or other disposition of Discount Bonds.

CONTINUING DISCLOSURE

For the purpose of complying with paragraph (b)(5) of the Rule, the City will covenant and agree, for the benefit of the registered holders or beneficial owners from time to time of the outstanding Bonds to provide reports of specified information and notice of the occurrence of certain events, as hereinafter described (the "Disclosure Covenants"). The information to be provided on an annual basis, and the events as to which notice is to be given, is set forth in "**APPENDIX E – Form of Continuing Disclosure Certificate**". This covenant is being made by the City to assist the Underwriter(s) in complying with the Rule.

Breach of the Disclosure Covenants will not constitute a default or an "Event of Default" under the Bonds or Resolution, respectively. A broker or dealer is to consider a known breach of the Disclosure Covenants, however, before recommending the purchase or sale of the Bonds in the secondary market. Thus, a failure on the part of the City to observe the Disclosure Covenants may adversely affect the transferability and liquidity of the Bonds and their market price.

Pursuant to the Rule, in the last five years, the City failed to timely file certain financial obligations. The City filed a Notice of Failure to File on October 17, 2022.

Bond Counsel expresses no opinion as to whether the Disclosure Covenants comply with the requirements of Section (b)(5) of the Rule.

OPTIONAL REDEMPTION

Bonds due June 1, 2025 - 2030 inclusive, are not subject to optional redemption. Bonds due June 1, 2031 - 2039, inclusive, are subject to optional redemption in whole or in part on any date on or after June 1, 2030, at a price of par and accrued interest. If selection by lot within a maturity is required, the Registrar shall designate the Bonds to be redeemed by random selection of the names of the registered owners of the entire annual maturity until the total amount of Bonds to be called has been reached. If less than all of the Bonds of any like maturity are to be redeemed, the particular part of those Bonds to be redeemed shall be selected by the Registrar by lot. The Bonds may be called in part in one or more units of \$5,000.

If less than the entire principal amount of any Bond in a denomination of more than \$5,000 is to be redeemed, the Bond Registrar will issue and deliver to the registered owner thereof, upon surrender of such original Bond, a new Bond or Bonds, in any authorized denomination, in a total aggregate principal amount equal to the unredeemed balance of the original Bond. Notice of such redemption as aforesaid identifying the Bond or Bonds (or portion thereof) to be redeemed shall be sent by electronic means or mailed by certified mail to the registered owners thereof at the addresses shown on the City's registration books not less than 30 days prior to such redemption date. Any notice of redemption may contain a statement that the redemption is conditioned upon the receipt by the Bond Registrar of funds on or before the date fixed for redemption sufficient to pay the redemption price of the Bonds so called for redemption, and that if funds are not available, such redemption shall be cancelled by written notice to the owners of the Bonds called for redemption in the same manner as the original redemption notice was sent.

If less than all of the maturity is called for redemption, the City will notify DTC of the particular amount of such maturity to be redeemed prior to maturity. DTC will determine by lot the amount of each Participant's interest in such maturity to be redeemed and each Participant will then select by lot the beneficial ownership interests in such maturity to be redeemed.

Thirty days' written notice of redemption shall be given to the registered owner of the Bond. Failure to give written notice to any registered owner of the Bonds or any defect therein shall not affect the validity of any proceedings for the redemption of the Bonds. All Bonds or portions thereof called for redemption will cease to bear interest after the specified redemption date, provided funds for their redemption are on deposit at the place of payment. Written notice will be deemed completed upon transmission to the owner of record.

MANDATORY REDEMPTION

The Bonds coming due on June 1, 2036, is a term bond (the "Term Bond") and is subject to mandatory redemption prior to maturity on June 1 of the years and in the amounts as follows:

\$1,555,000; 4.000% Term Bond Due June 1, 2036; Yield 4.000%:

Redemption	
<u>Year</u>	<u>Amount</u>
2035.....	\$760,000
2036.....	795,000 (stated maturity)

The City covenants that it will redeem the Term Bond pursuant to the mandatory redemption requirement for such Term Bond. Proper provision for mandatory redemption having been made, the City covenants that the Term Bond so selected for redemption shall be payable as at maturity.

LITIGATION

There is no litigation of any nature now pending or threatened restraining or enjoining the issuance, sale, execution or delivery of the Bonds, or in any way contesting or affecting the validity of the Bonds or any proceedings of the City taken with respect to the issuance or sale thereof. There is no litigation now pending, or to the knowledge of the City, threatened against the City that is expected to materially impact the financial condition of the City.

LEGAL MATTERS

Legal matters incident to the authorization, issuance and sale of the Bonds and with regard to the tax-exempt status of the interest thereon (see “**TAX EXEMPTION AND RELATED TAX MATTERS**” herein) are subject to the approving legal opinion of Dorsey & Whitney LLP, Des Moines, Iowa, Bond Counsel, a form of which is attached hereto as **APPENDIX C**. Signed copies of the opinion, dated and premised on law in effect as of the date of original delivery of the Bonds, will be delivered to the Underwriter at the time of such original delivery. The Bonds are offered subject to prior sale and to the approval of legality of the Bonds by Bond Counsel.

The legal opinion to be delivered will express the professional judgment of Bond Counsel and by rendering a legal opinion, Bond Counsel does not become an insurer or guarantor of the result indicated by that expression of professional judgment or of the transaction or the future performance of the parties to the transaction.

Bond Counsel has not been engaged, nor has it undertaken, to prepare or to independently verify the accuracy of the Final Official Statement, including but not limited to financial or statistical information of the City and risks associated with the purchase of the Bonds, except Bond Counsel has reviewed the information and statements contained in the Final Official Statement under, “**TAX EXEMPTION AND RELATED TAX MATTERS**” and “**LEGAL MATTERS**”, insofar as such statements contained under such captions purport to summarize certain provisions of the Internal Revenue Code of 1986, the Bonds and any opinions rendered by Bond Counsel. Bond Counsel has prepared the documents contained in **APPENDIX C** and **APPENDIX D**.

FINAL OFFICIAL STATEMENT AUTHORIZATION

This Final Official Statement has been authorized for distribution to prospective purchasers of the Bonds. All statements, information, and statistics herein are believed to be correct but are not guaranteed by the consultants or by the City, and all expressions of opinion, whether or not so stated, are intended only as such.

This Final Official Statement is not to be construed as a contract or agreement amongst the City, the Underwriter, or the holders of any of the Bonds. Any statements made in this Final Official Statement involving matters of opinion, whether or not expressly so stated, are intended merely as opinions and not as representations of fact. The information and expressions of opinions contained herein are subject to change without notice and neither the delivery of this Final Official Statement or the sale of the Bonds made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City since the date hereof. The information contained in this Final Official Statement is not guaranteed.

INVESTMENT RATING

The Bonds have been rated “Aa2” by Moody’s Investors Service, Inc. The City has supplied certain information and material concerning the Bonds and the City to the rating service shown on the cover page, including certain information and materials which may not have been included in this Final Official Statement, as part of its application for an investment rating on the Bonds. A rating reflects only the views of the rating agency assigning such rating and an explanation of the significance of such rating may be obtained from such rating agency. Generally, such rating service bases its rating on such information and material, and also on such investigations, studies and assumptions that it may undertake independently. There is no assurance that such rating will continue for any given period of time or that it may not be lowered or withdrawn entirely by such rating service if, in its judgment, circumstances so warrant. Any such downward change in or withdrawal of such rating may have an adverse effect on the secondary market price of the Bonds. An explanation of the significance of the investment rating may be obtained from the rating agency: Moody’s Investors Service, Inc., 7 World Trade Center at 250 Greenwich Street, New York, New York 10007, telephone 212-553-1658.

UNDERWRITING

The Bonds were offered for sale by the City at a public, competitive sale on November 13, 2023. The best bid submitted at the sale was submitted by Robert W. Baird & Co., Inc., Milwaukee, Wisconsin (the “Underwriter”). The City awarded the contract for sale of the Bonds to the Underwriter at a price of \$9,764,042.55 (reflecting the par amount of \$9,840,000.00, plus a reoffering premium of \$69,238.05, and less an Underwriter’s discount of \$145,195.50). The Underwriter has represented to the City that the Bonds have been subsequently re-offered to the public initially at the yields or prices set forth in the Final Official Statement.

The Underwriter may offer and sell the Bonds to certain dealers (including dealers depositing the Bonds into unit investment trusts, certain of which may be sponsored or managed by the Underwriter) at prices lower than the initial public offering prices stated on the cover page. The initial public offering prices of the Bonds may be changed, from time to time, by the Underwriter.

The Underwriter intends to engage in secondary market trading of the Bonds subject to applicable securities laws. The Underwriter is not obligated, however, to repurchase any of the Bonds at the request of the holder thereof.

MUNICIPAL ADVISOR

The City has engaged Speer Financial, Inc. as municipal advisor (the “Municipal Advisor”) in connection with the issuance and sale of the Bonds. The Municipal Advisor is a Registered Municipal Advisor in accordance with the rules of the MSRB. The Municipal Advisor will not participate in the underwriting of the Bonds. The financial information included in the Final Official Statement has been compiled by the Municipal Advisor. Such information does not purport to be a review, audit or certified forecast of future events and may not conform with accounting principles applicable to compilations of financial information. The Municipal Advisor is not a firm of certified public accountants and does not serve in that capacity or provide accounting services in connection with the Bonds. The Municipal Advisor is not obligated to undertake any independent verification of or to assume any responsibility for the accuracy, completeness or fairness of the information contained in this Final Official Statement, nor is the Municipal Advisor obligated by the City’s continuing disclosure undertaking.

The remainder of this page was left blank intentionally.

MISCELLANEOUS

Brief descriptions or summaries of the City, the Bonds, the Resolution and other documents, agreements and statutes are included in this Final Official Statement. The summaries or references herein to the Bonds, the Resolution and other documents, agreements and statutes referred to herein, and the description of the Bonds included herein, do not purport to be comprehensive or definitive, and such summaries, references and descriptions are qualified in their entireties by reference to such documents, and the description herein of the Bonds is qualified in its entirety by reference to the form thereof and the information with respect thereto included in the aforesaid documents. Copies of such documents may be obtained from the City.

Any statements in this Final Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are intended as such and not as representations of fact, and no representation is made that any of the estimates will be realized. This Final Official Statement is not to be construed as a contract or agreement between the City and the purchasers or Owners of any of the Bonds.

The attached **APPENDICES A, B, C, and D** are integral parts of this Final Official Statement and must be read together with all of the foregoing statements.

It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such numbers on any Bonds nor any error in the printing of such numbers shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for any Bonds.

The City has reviewed the information contained herein which relates to it and has approved all such information for use within this Final Official Statement. The execution and delivery of this Final Official Statement has been duly authorized by the City.

December 20, 2022

To the Honorable Mayor, City Council Members
And Citizens of the City of Marshalltown, Iowa:

The City of Marshalltown, Iowa, is required by various state and federal regulations to publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (generally accepted accounting principles or GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to these requirements, the Annual Comprehensive Financial Report (ACFR) of the City of Marshalltown, Iowa for the fiscal year ended June 30, 2022 as prepared by the Finance Department is hereby submitted in accordance with the provisions of Chapter 11.6 of the Code of Iowa.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City's financial statements have been audited by Eide Bailly, L.L.P, a firm of licensed Certified Public Accountants, and they have issued an unmodified ("clean") opinion on the City's financial statements for the year ended June 30, 2022. The independent auditor's report is located at the front of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing single audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Information related to this single audit, including the Schedule of Expenditures of Federal Awards, Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards, Independent Auditor's Report on Compliance for Each Major Program and Report on Internal Control over Compliance Required by the Uniform Guidance and Schedule of Findings and Questioned Costs is included in the section entitled Compliance Section.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the City

The City was incorporated July 27, 1863 under the laws of the State of Iowa, later amended on June 16, 1975 under the City Home Rule Act. Marshalltown is located in the central region of the state, with a land area of 19.28 square miles and a population of 27,591 as of the 2020 census. The City is empowered to levy a property tax on real property located within its boundaries, and has the power to extend its corporate limits by annexation.

The City operates under a mayor-council form of government. Setting policy and legislative authority are vested in the seven-member council. The City Council is responsible for passing ordinances, resolutions, adopting and amending the budget, appointing committees and hiring the City Administrator as provided by city ordinance. The Mayor and Council are elected for a four-year staggered term rotation, allowing continuity within the membership. Four of the council members are elected from within their respective districts. The mayor and the three remaining council members are elected at large. The City Administrator, hired by the City Council is responsible for carrying out the policies and ordinances of the council, overseeing the day-to-day operations of the government, and for hiring the City Clerk and department directors.

The City provides the following services as authorized by its charter: public safety, public works, culture, recreation, and community development. The City also provides additional services including sewage collection and disposal, a compost facility, a transit system, and municipal parking lots.

The City's financial statements include all funds, departments, boards and commissions, and other government entities that do not have separate legal status as required by accounting principles generally accepted in the United States of America.

In Marshalltown, the library is overseen by a board of directors and included in the operations of the general fund. The water distribution system, administered by an independent utility board of trustees, is included as a component unit of the City.

The annual budget serves as the foundation for the City of Marshalltown's financial planning, development and control. The City Administrator and Finance Director are responsible for developing a budget proposal to the City Council. The proposed budget is presented to the Council January through March of each year. The Council is required to hold public hearings on the proposed budget and to adopt the final budget no later than March 31 for the fiscal year beginning the following July first. The appropriated budget is prepared by fund and function.

Local Economy

The 2020 census showed Marshalltown's population increasing .14% from 27,552 to 27,591. Unemployment in the City was at 4.5% as of June 2022. This is higher than the Iowa rate of 2.6% as of June 2022.

The number of building permits decreased in fiscal year 2022 compared to 2021. 13 new residential construction building permits were issued creating 13 housing units for a value of \$2,752,833. 80 residential remodeling, repairs, additions and accessory structure permits were issued for a value of \$1,452,461. Total building permit activity for commercial and industrial totaled 32 building permits with a valuation of \$13,394,884. This included large projects such as: Marshalltown Arts & Civic Center, Scooters Coffee, Wendy's renovation, Karl of Marshalltown, and Home Rental Center. The total building activity for the fiscal year included 125 permits with a valuation of \$17,600,179.

The Local Option Sales Tax (LOST) which began April 1, 2000 was voted and approved for another 10 year extension which will end in 2025. The voters passed a referendum August 1, 2017 to reallocate the LOST from 75% being designated for property tax relief, 20% for street projects and 5% allocated for council designated to 78% for property tax relief and 22% for council designated. This became effective November 1, 2017. For fiscal year ending June 30, 2022 the City collected approximately \$4.7 million (accrual basis).

Major Initiatives

The City of Marshalltown continued to focus on restoration and growth in the fiscal year that ended June 30, 2022. National economic challenges did not prevent work from happening throughout the community, though supply chain issues have continued to provide challenges to projects. Despite the challenges and delays, the community remains on a growth-focused tract that looks to see dividends in future years from the planning and work put in now.

Downtown continues to go through a recovery process following the 2018 tornado and 2020 derecho. The City awarded contracts for the demolition of seven City-owned downtown buildings, of which three were completed at the end of the fiscal year. Following the demolitions and site restorations, the City will seek developers to build back in these key spaces. The City also acquired two properties as abandoned buildings which will not be demolished, but will see minimal improvements to then be resold and reused. The first phase of the Downtown Implementation Plan (the reconstruction of six blocks of State Street) was awarded in May 2022. However, supply chain issues prevented any work from starting in the 2022 construction season, leaving 2023 and 2024 for construction. The City was also awarded a \$500,000 Downtown Revitalization Grant during this fiscal year, which will help restore multiple façades in 2023.

The City of Marshalltown also moved the needle on creating additional industrial development land with the start of the Edgewood Extension Project. This project was awarded and construction began during the fiscal year, with completion to come in 2023. A new truck diversion route off of Highway 14/North 3rd Avenue will provide a direct route for trucks to access JBS, a pork meat packer, and the other industries in the eastern part of the City. At the same time, more than 40 acres will be for sale by the City for industrial development. The turnkey properties do not exist elsewhere in the community and will be another asset in the community's portfolio in 2023 and beyond.

Marshalltown saw more movement in housing throughout the community during the last fiscal year than in prior years. Specifically, one new subdivision with more than 40 single lots is now complete. The Glenwood 7th Addition offers opportunities for new single-family construction in a growing part of the community. The construction of Creekside Drive was nearly completed by June 30, 2022. This street is the result of a partnership with Prime Development Group to do an infill subdivision in the heart of the Linn Creek District. Building is expected to start in both subdivisions in 2023. Single-family construction was also bolstered by JBS, the City's largest employer, who built four new homes this year for their employees to purchase.

Additional multi-family units hit the market this year with the completion of the third phase of Crosby Park and the completion of Bloomfield Acres. In total, this results in 92 new market-rate units. Marshalltown Lofts, a low-income housing tax credit project, also wrapped up construction, bringing 45 new income-restricted units to the market as well as 5 market-rate apartments. Additional multi-family projects include the development of more than 100 units of multi-family housing on South 7th Avenue, which is a partnership with the City and the developer on the infrastructure costs to extend a public street and utilities to the site.

Other community quality of life projects launched in the last fiscal year which the City helped to support. The Marshalltown Arts and Civic Center started a multi-million-dollar renovation to restore the building following damage from the 2020 derecho. This includes the Fisher Art Museum which houses a valuable Impressionist art collection. The City supported this project with a direct financial contribution and with in-kind assistance through grant writing. The City also provided financial support to the Marshall County Arts and Culture Alliance for the development of a Arts and Culture Master Plan for the community. Work also continued on the Parks and Recreation Master Plan, with a renovation of Elks Park.

Looking ahead, many significant capital projects are planned for the coming years, while others are yet to be prioritized and funded. The City is focused on maintaining existing infrastructure while balancing quality of life needs and new infrastructure for development.

Long-Term Financial Planning

Maintenance and rehabilitation of the City's infrastructure (such as streets, sewers and bridges) have been the major priority of the City during the last five years. The City annually adopts a five-year Capital Improvement Program that provides a framework for the development and maintenance of infrastructure to meet current and future needs. In conjunction with this program, the City of Marshalltown includes a five year equipment replacement plan.

Awards and Acknowledgements

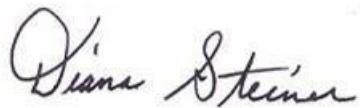

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its annual comprehensive financial report for the years ending June 30, 1990, and consecutively 1993 through 2021. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report could not be accomplished without the dedicated services of the entire Finance Department staff. We also want to acknowledge the assistance from many other department staff, agencies and organizations which are all vital to the culmination of this report.

Respectfully submitted,

Diana Steiner
Finance Director

City of Marshalltown

Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council
City of Marshalltown, Iowa

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Marshalltown, Iowa (City) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Marshalltown Water Works, which represents the entire assets, net position, and revenues of the discretely presented component unit as of and for the year ended June 30, 2022. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Marshalltown Water Works is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining nonmajor fund financial statements, schedule of bond maturities, and the schedule of expenditures of federal awards required by *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements, schedule of bond maturities, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2022 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Eddie Baurly LCP". The signature is fluid and cursive, with "Eddie" and "Baurly" connected, and "LCP" in a smaller, separate section.

Dubuque, Iowa
December 20, 2022

The following is a narrative overview and analysis of the financial activities of the City of Marshalltown for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1-4 of this report and the City's financial statements, which begin on page 21. Additional historical information can be found in the Statistical Section of this report supporting some of the analysis presented in this discussion and the transmittal letter.

Financial Highlights of Primary Government

- Government-wide, assets plus deferred outflows of resources of the City of Marshalltown exceeded its liabilities plus deferred inflows of resources at the close of the most recent fiscal year by \$114,755,957 (net position) as compared to \$101,001,251 in the prior year which is an increase of \$13,754,706. This increase is primarily the renovation of the East Merle Hibbs extension project and various infrastructure projects throughout the City.
- As of the close of the current fiscal year, the City of Marshalltown's governmental funds reported combined ending fund balances of \$34,923,171 an increase of \$9,778,493 in comparison with the prior year. This change was primarily from expenditures related to remaining bond proceeds for projects in process and the receipt grant revenue related to prior year expenditures.
- \$4,342,279 in unassigned fund balance is available for spending at the City's discretion. Prior year unassigned fund balance was \$926,051. This is an increase of \$3,416,228. This increase is primarily related the receipt of derecho related revenue. The City has been partially reimbursed from FEMA.
- The City's total debt had a net increase of \$3.8 million during the current fiscal year. This change reflects the retirement of existing bonds of \$ 9.3 million and new issuances of \$13.1 million of GO Debt and Sewer notes. The new debt was for the streets, parks, dangerous and dilapidated buildings and sanitary sewer projects. In addition, \$3.6 million of existing debt was refunded to lower interest rates.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of Marshalltown's basic financial statements. The City of Marshalltown's basic financial statements include three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Marshalltown's finances, in a manner more similar to a private-sector business.

The statement of net position presents information on all of the City of Marshalltown's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Marshalltown is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Marshalltown that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Marshalltown include public safety, public works (roads, utilities and traffic controls), health and social services, parks and recreation, library, economic development and general government. The business-type activities of the City of Marshalltown include compost, aquatic center concessions, storm sewer, water pollution control and transportation activities.

The government-wide financial statements include the City of Marshalltown itself (known as the primary government) and also a legally separate Water Works component unit for which the City of Marshalltown is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Marshalltown, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Marshalltown can be divided into three categories: governmental, proprietary and fiduciary.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The focus of governmental funds is narrower than that of the government-wide financial statements, so it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the city's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Marshalltown maintains 15 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances. Major funds include General, Road Use Tax, Local Option Sales Tax, HUD Programs, Disaster, Debt Service, Property Tax, Public Works and Other Projects Funds. Data from the other seven non-major governmental funds are combined into a single, aggregated presentation in the governmental funds financial statements. Individual fund data on each of the non-major governmental funds is provided in the form of combining statements in the supplementary information section.

The City of Marshalltown adopts an annual appropriated budget for all funds as required by state statute. In Iowa, budgetary compliance is at the function level, transcending fund level accounting as demonstrated in this report. Budgetary comparison statements have been provided for the governmental and enterprise/proprietary fund levels. This comparison demonstrates the City's compliance with state requirements.

Proprietary funds. The City of Marshalltown maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Marshalltown uses enterprise funds to account for its Storm Sewer, Water Pollution Control, Compost, Transit and Concession activities. Internal service funds are an accounting vehicle used to accumulate and allocate costs internally among the City of Marshalltown's various functions. The City of Marshalltown uses internal service funds to account for its insurance operations. This service predominantly benefits governmental rather than business-type functions, so they have been included with governmental activities in the government-wide financial statements. Individual fund data for the internal service funds are provided in the form of combining statements in the supplementary information section.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Storm Sewer, Water Pollution Control and Non-major Enterprise funds, namely Compost, Transit and Concession activities.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not available to support the City of Marshalltown's own programs. The most significant fiduciary fund maintained by the City of Marshalltown is the 911 commission fund; which records the payroll activity of the 911 commission. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. The City's budgetary comparison schedule and other postemployment benefit plan information is presented as required supplementary information immediately following the notes to basic financial statements. The combining statements referred to earlier in connection with non-major governmental, non-major enterprise funds, internal service funds, and custodial funds are presented immediately following the required supplementary information (RSI).

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Marshalltown, assets exceeded liabilities by \$114,755,957 at the close of the most recent fiscal year.

City of Marshalltown
Management's Discussion and Analysis (MD&A)

By far, the largest portion of the City of Marshalltown's net position reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure), less depreciation and any related debt at \$90,702,228. The City of Marshalltown uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Marshalltown's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the City of Marshalltown's governmental and business-type activities net position of \$18,980,845 represents resources that are subject to external restrictions. Prior year comparison shows \$18,194,295, an increase of \$786,550.

The following is a more detailed review of the year's operation.

Governmental Activities. Governmental revenues in the current year increased by \$4.0 million. Within this difference charges for services decreased by \$1.9 million due to insurance proceeds from the derecho in the prior year and operating grants and contributions increased by \$ 4.9 million due to the receipt of derecho related funds and ARPA funding. Governmental expenses decreased by \$5.2 million from the prior fiscal year due to disaster fund expenditures related to the derecho in August 2020.

Business-type Activities. Revenue received through charges for services stayed comparable to the prior year. Business-type expenses increased by \$1.5 million and are largely based on Water Pollution Control usage and an increase in services and supplies in the storm sewer utility.

Financial Analysis of the Government's Funds

As noted earlier, the City of Marshalltown uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The financial reporting focus of the City of Marshalltown's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information may be useful in assessing the City of Marshalltown's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City of Marshalltown's governmental funds reported a combined ending fund balance of \$34,923,171, an increase of \$9,778,493 in comparison with the prior year. Of this total amount 4,342,279 is unassigned fund balance, which is available to meet the future financial needs of the City. \$29,584,123 is restricted, \$250,000 is committed and \$746,769 is nonspendable.

The General fund is the chief operating fund of the City of Marshalltown. At the end of the current fiscal year this fund balance increased by \$227,635 to \$6,620,115, with an unassigned fund balance of \$5,857,775, a, and a committed balance of \$250,000. The remaining \$512,340 is nonspendable (land held for resale and prepaid items).

The Road Use Tax fund is apportioned to the City from the state gasoline taxes based upon population. This fund is used for street related purposes only. Major street resurfacing and reconstruction are scheduled each year in the spring after the impact of winter weather can be determined. At the end of the current fiscal year, the ending fund balance of \$6,491,993 is an increase of 446,767 compared to the prior year.

The Housing and Urban Development (HUD) program for Section 8 housing assistance continued all year and the Lead Abatement grant was awarded in the spring of 2019, which was funded from the Lead-Based Paint Hazard Control grant. The City administers these grants in collaboration with many health and welfare agencies throughout the community. For fiscal year 2022, the City expended \$1,871,005 under these programs.

Collections for Local Option Sales Tax (L.O.S.T.) are allocated to property tax relief (78%) and any project designated by the Council (22%). Property tax relief dollars in the amount of \$2,879,760 were transferred to the Debt Service Fund to lower the property tax levy. The Council used \$99,023 of their designated share to increase the Cash Flow Reserve Fund. Some of the other Council designated projects this fiscal year included the Fisher Community Center renovation, fireworks, new construction incentives, and zoning ordinance update. The increase in the L.O.S.T. fund balance this year was \$1,219,630.

The Disaster Fund accounts for the activity after the City experienced an EF-3 tornado on July 19, 2018 and the derecho windstorm on August 10, 2020. Industry, businesses and residences throughout the community were affected by the derecho. The City received a Federal Public Assistance Disaster Declaration, which allows the City to request reimbursement of up to 100 percent (90 percent Federal and 10 percent State) for debris removal, emergency protective measures, and other repair projects throughout the City. Revenue and expenses were tracked in a disaster fund. In the current year approximately \$3.7 million was received by the City for community clean-up after the Derecho. The City anticipates it will receive an additional 1.1 million from the federal government and .5 million from the State related to Derecho

The Property Tax Fund is used to account for all special revenue property tax levies utilized by the City. These levies include the emergency levy, police and fire retirement, FICA and IPERS, and other employee benefits. The total fund balance in this fund increased by \$256,194 in FY 22 due to expenditures being less than budgeted.

The Debt Service Fund accounts for the City's debt service property tax levy and all related debt. This activity is related to the debt backed by the full faith and credit of the City. In the current fiscal year this fund paid \$4.2 million in principal and interest payments and saw a fund balance increase of \$40,745.

Changes in the Public Works and Other Projects capital project fund is due to the continuation of several street projects during the fiscal year and several park improvement projects. The City issued bonds for new projects in FY22 for 9.1 million for the construction of streets, sidewalks, and park improvements.

Enterprise funds. The City of Marshalltown's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail.

The ending net position for the enterprise funds was \$67,933,692, a net position increase of \$3,734,378.

Budgetary Highlights

General Fund

The City of Marshalltown presents budgetary information as allowed by GASB Statement No. 41. Budgets are based on nine functional areas as required by state statute, not by fund or fund type. During the year ended June 30, 2022, revenues and transfers in for the general fund operations, on the GAAP basis, were less than revenue estimates by \$954,750 and departmental expenditures and transfers out on the GAAP basis were \$1,123,755 less than expenditure estimates.

During the fiscal year ended June 30, 2022 there was one budget amendment dated March 14, 2022.

Capital Asset and Debt Administration

Capital assets. The City of Marshalltown's investment in capital assets for its governmental and business type activities as of June 30, 2022 amounts to \$234,185,347. This investment in capital assets includes land, land improvements, buildings, machinery and equipment, park facilities, roads, highways and sewers. The total increase in the City of Marshalltown's investment in capital assets for the current fiscal year was \$10,143,045, of which \$4.7 million was from the completing of sanitary sewer improvements.

City of Marshalltown's 2022 Capital Assets

	Governmental Activities		Business-Type Activities		Total	
	FY 2021-22	FY 2020-21	FY 2021-22	FY 2020-21	FY 2021-22	FY 2020-21
Land and Improvements	\$ 11,275,678	\$ 8,972,809	\$ 3,219,626	\$ 3,201,551	\$ 14,495,304	\$ 12,174,360

Infrastructure	50,544,977	47,656,780	67,676,742	62,187,822	118,221,719	109,844,602
Construction in Progress	5,825,408	8,152,900	3,734,108	6,740,954	9,559,516	14,893,854
Total	\$ 125,518,356	\$ 120,006,459	\$ 108,666,991	\$ 104,035,843	\$ 234,185,347	\$ 224,042,302

Major capital asset events during the current fiscal year include the following:

- Completion of sanitary sewer improvements.
- Various machinery and equipment purchases throughout the year including new vehicles for several departments including a new dump truck and a Jet/Vac Truck.
- Continuation and completing of various street and storm water projects.

Additional information on the City' of Marshalltown's capital assets can be found in Note 5 on pages 50-51 of this report.

Long-term debt. At the end of the current fiscal year, the City of Marshalltown had total debt outstanding and unamortized premiums and discounts of \$60,830,264. Of this amount, \$48,691,594 comprises debt backed by the full faith and credit of the City. The remainder of the City of Marshalltown's debt in the amount of \$12,013,000 represents bonds secured solely by revenues generated from the sanitary sewer rental fees.

The City's total debt had a net increase of \$3.8 million during the current fiscal year. This change reflects the retirement of existing bonds of \$ 9.3 million and new issuances of \$13.1 million of GO Debt and Sewer notes. The new debt was for the streets, parks, dangerous and dilapidated buildings and sanitary sewer projects. In addition, \$3.6 million of existing debt was refunded to lower interest rates.

Moody's Investors Service assigned a bond rating in November 2021. The City maintained their Aa2 bond rating.

State statute limits the amount of general obligation debt a governmental entity may issue to 5 percent of its total assessed valuation. The current debt limitation for the City of Marshalltown is \$86,547,686 significantly in excess of the City of Marshalltown's outstanding general obligation debt.

Additional information on the City' of Marshalltown's long-term debt can be found in Note 6 on pages 52-55 this report.

Economic Factors and Next Year's Budgets and Rates

The local economy of the City remains strong and is creating more private public agreements to maintain that strength. The regular taxable property tax valuations as of January 1, 2021, which was applied to FY2023, increased by \$17 million.

For the fiscal year ending June 30, 2022, the City issued 125 building permits totaling \$17.6 million in construction value which is a significant decrease from prior fiscal years. This fiscal year saw far fewer building permits for large commercial and industrial projects, which was to be expected. Building permits were issued for 13 new single-family dwellings, which is a much larger number than prior years and demonstrates the drive brought about by developers and buyers to take advantage of a \$10,000 new construction incentive offered by the Marshalltown Area Chamber of Commerce. The City has pledged to support 25 percent of this incentive in lieu of tax abatement.

Looking ahead, the single-family growth is likely to continue with two new subdivisions coming online for new construction in late 2022/early 2023. This building activity is highly dependent on mortgage interest rates and other factors. The City will also likely see Community Development Block Grant funds for Disaster Recovery in 2023 to help support housing for low-to-moderate income individuals and families in the community. These one-time funds are a result of the 2020 derecho and are to be awarded for both owner-occupied and rental housing.

In addition to residential growth possibilities, new vacant spaces are being created in Downtown which will be actively solicited for redevelopment in the coming year. The City is also working to complete the Edgewood Extension project to open up 40 acres of industrial land for development, while looking at another adjacent 100 acres as a certified industrial site. The Site Certification designation would be anticipated in 2023.

The budget for the ensuing fiscal year 2023 considers many factors and estimates about the finances of the upcoming year. City-wide there was an increase in property tax valuations in FY23. Local Option Sales Tax is expected to decline and hotel/motel tax is expected to increase to pre-pandemic levels. The road use taxes collected by the state are stable but the forecast is to maintain a conservative projection for these revenue sources.

The following items are also forefront in revenue and expenditure projections: (a) The City's contribution rate for the Municipal Fire and Police retirement system increased in fiscal year 2022, decreased in fiscal year 2023 and will decrease in fiscal year 2024. The employer share of the rate fluctuates on an annual basis. (b) The Iowa Public Employees Retirement System remained steady for fiscal years 2021 through 2024. (c) Compliance with sanitary and storm water regulations will continue to be implemented over the next several years. Sewer rates have been increased to accommodate the costs with these mandates. A sanitary sewer rehabilitation project and headworks equipment replacement project for over \$13 million is budgeted to start in FY23. (d) The cost of health care continues to rise. The City has experienced an increase in health-related claims and an increase in premium will occur in calendar year 2023. Changes in claims are always a factor that the City continues to monitor. More preventive care options are encouraged to help avoid the high dollar claims. (e) Finding staff to hire has been challenging in this economy, especially police officers. (f) The city continues to see increases in utilities, supplies, contracted services, maintenance agreements, etc. due to inflation and supply shortages. (g) The City received \$3,987,179 from the American Rescue Plan Act and plans to spend it on stormwater/utility projects, MPACT, and revenue replacement. (h) The City received approximately \$3.7 million in FY22, accrual basis, from FEMA and will collect approximately an additional 1.6 million for the Derecho storm that occurred in FY21 from FEMA and the State of Iowa.

Requests for Information

This financial report is designed to provide a general overview of the City of Marshalltown's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report, or requests for additional financial information should be addressed to the Finance Director, 24 N. Center Street, Marshalltown, IA 50158-4911.

City of Marshalltown
 Reconciliation of the Balance Sheet
 Governmental Funds to the Statement of Net Position
 June 30, 2022

Total governmental fund balances	\$ 34,923,171
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in governmental funds.	
The cost of capital assets is	\$ 125,518,356
Accumulated depreciation is	<u>(51,435,972)</u>
	74,082,384
Some of the City's revenues will be collected after year-end but are not available soon enough to pay for the current period's expenditures and, therefore, are recognized as deferred inflows of resources, in the governmental funds.	
	2,929,668
OPEB and Pension related deferred outflows of resources and deferred inflows of resources are not due and payable in the current period and therefore are not reported in the funds.	
OPEB related deferred outflows	3,245,147
Pension related deferred outflows	2,791,305
OPEB related deferred inflows	<u>(6,169,882)</u>
Pension related deferred inflows	<u>(8,960,467)</u>
	(9,093,897)
Internal service funds are used by the City's management to charge the costs of self-insurance programs to the individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.	
	308,309
Some liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.	
Those liabilities consist of:	
Bonds and notes payable	(42,314,556)
Accrued interest on the bonds	(91,033)
Compensated absences	(1,106,390)
Net pension liability	(3,400,931)
Total OPEB liability	<u>(9,414,460)</u>
	<u>(56,327,370)</u>
Net position of governmental activities	<u><u>\$ 46,822,265</u></u>

City of Marshalltown
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
Governmental Funds to the Statement of Activities
Year Ended June 30, 2022

Net change in fund balances – total governmental funds \$ 9,778,493

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:

Capital outlay	\$ 6,196,824
Book value of disposals	(17,525)
Depreciation expense	<u>(3,627,580)</u>
Net change in capital assets	2,551,719

Because some revenues will not be collected for several months after the City's fiscal year end, they are not considered "available" revenues and are unavailable in the governmental funds. Unavailable revenues changed by these amounts this year:

Intergovernmental	2,078,382
Charges for service	8,087
Net effect	<u>2,086,469</u>

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities. In the current period, these amounts are:

Debt repayments	3,459,243
Debt proceeds, including premiums	<u>(9,530,159)</u>
Net effect	(6,070,916)

Some items reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. These activities consist of:

Change in accrued interest and premium amortization	240,767
Change in compensated absences	23,323
Net effect of OPEB related activity	159,998
Net effect of pension related activity	<u>1,995,923</u>
Total additional expenses	2,420,011

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net income (loss) of the internal service funds is reported with governmental activities.

Change in net position of governmental activities \$ 10,020,328

Notes to Financial Statements
June 30, 2022
City of Marshalltown

Note 1 - Summary of Significant Accounting Policies

The City of Marshalltown, Iowa (City) was incorporated in 1863 under the laws of the State of Iowa, later amended in July 1975, under the City Home Rule Act. The City operates by ordinance under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City of Marshalltown, Iowa, provides such services as are authorized by its charter to advance the welfare, health, comfort, safety, and convenience of the City and its inhabitants.

The accounting and reporting policies of the City relating to the accompanying financial statements conform to U.S. generally accepted accounting principles (GAAP) applicable to state and local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following represents the more significant accounting and reporting policies and practices used in the preparation of these financial statements:

Reporting Entity

For financial reporting purposes, the City of Marshalltown, Iowa, has included all funds, organizations, agencies, boards, commissions, and authorities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City.

These financial statements present the City of Marshalltown, Iowa (the primary government) and its component unit. The following component unit is an entity which is legally separate from the City, but is financially accountable to the City or whose relationship with the City is such that exclusion would cause the City's financial statements to be misleading or incomplete. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City.

Discretely Presented Component Unit: The Marshalltown Water Works (Water Works) was established to operate the City's water works facilities. The Water Works is governed by a three-member board of trustees appointed by the Mayor. A financial benefit/burden relationship exists between the City and the Water Works in that the City is authorized by statute to issue general obligation debt for a City utility and may certify taxes for the payment of the debt. The Water Works is presented as a proprietary fund type and has a June 30 year-end.

Complete financial statements for the individual component unit may be obtained at the respective entity's administrative office as follows:

Marshalltown Water Works
205 East State Street
Marshalltown, Iowa 50158

Jointly Governed Organizations: The City also participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The City Council is a member of or appoints representatives to the following boards and commissions: Mid Iowa Drug Task Force, Marshall County Emergency Management Commission, Marshall County 911 Joint Services Board, Marshall County Assessor's Conference Board, Marshall County Solid Waste Management Commission, and the Marshall County Communication Commission. Financial transactions relating to these organizations are included in the City's financial statements only to the extent of the City's contributions, if any, to these organizations.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for services. Likewise, the *primary government* is reported separately from its certain legally separate *component unit* for which the primary government is financially accountable.

The Statement of Net Position presents the City's nonfiduciary assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following three categories.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the two preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment, including special assessments. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Road Use Tax Fund* is used to account for the operations of street related expenses. Financing is provided by the City's share of state gasoline taxes, which are received on a per capita basis. State law requires these revenues to be received and disbursed in a special fund.

The *Local Option Sales Tax Fund* is used to account for the taxes collected and 78% to be applied towards general property tax relief and 22% for Council designated projects.

The *Property Tax Fund* is used to account for property tax collections for the emergency fund levy and employee benefits, which are then transferred to the general fund.

The *Disaster Fund* is used to account for insurance proceeds and receipts from Federal Emergency Management Agency (FEMA).

The *HUD Programs Fund* is used to account for the operations of a Federal Section 8 rental voucher assistance program, a grant from HUD to assist with security deposits and first month's rent program, and lead abatement program.

The *Debt Service Fund* is used to account for the servicing of general obligation debt.

The *Public Works and Other Projects Fund* is used to account for resources used in the acquisition and construction of capital facilities and other capital assets with the exception of those that are financed through the Culture and Recreation Projects Fund, Airport Projects Fund, or through proprietary funds.

The City reports the following major proprietary funds:

The *Water Pollution Control Fund* is used to account for the operation and maintenance of the City's wastewater treatment facility and sanitary sewer. Services are supported primarily by user charges.

The *Storm Sewer Fund* is used to account for the operation of the City's storm sewers. Services are supported primarily by user charges.

Additionally, the City reports the following fund types:

Internal service funds account for group insurance benefits, occupational insurance benefits, and workmen's compensation benefits provided to other departments on a cost reimbursement basis.

Custodial funds function primarily as a clearing mechanism for cash resources which are collected by the City, held as such for a brief period and then disbursed to the authorized recipient. The custodial funds of the City are used for the 911 Commission and Surety Bonds.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Property taxes are recognized as revenue in the year for which they have been levied, provided they are collected within 60 days after year-end. Sales taxes are considered measurable and available at the time the underlying transaction occurs provided they are collected within 60 days after year-end. Other taxes are considered measurable and available when they have been collected by the state or other levying authority. Special assessments receivables are recognized at the time of their levy. The related revenue is recognized at the time the assessment is due or collected. Licenses and permits, fines and forfeitures, and miscellaneous revenues are generally recognized as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recognized as earned.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water pollution control and storm sewer functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Under terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general revenues.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and of the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Cash Equivalents, and Investments. The City maintains a cash and investment pool. These pooled deposits are invested in interest-bearing cash accounts or certificates of deposit. Interest on the pooled cash and investments is recognized as revenue when earned and allocated to the funds on a systematic basis. However, interest of the Road Use Tax Fund is credited directly to the General Fund. Cash and investments are separately held by the discretely presented component unit for which interest is also recognized as revenue when earned.

Property Tax Receivable, Including Tax Increment Financing. Property tax, including tax increment financing, in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the City to the County Board of Supervisors. Current year delinquent property taxes receivable represents unpaid taxes from the current year. The succeeding year property tax receivable represents taxes certified by the City to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the City is required to certify its budget to the County Auditor by March 31 of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is unavailable and will not be recognized as revenue until the year for which it is levied.

The County Treasurer bills and collects taxes for the City. Taxes for the year ended June 30, 2022, were certified with the County during the preceding fiscal year and were due in two equal installments by September 30, 2021 and March 31, 2022. Any County collections on the 2021-2022 tax levy remitted to the City within sixty days subsequent to June 30, 2022, are recorded as property tax revenues. Taxes not collected and remitted to the City within sixty days subsequent to June 30, 2022, are delinquent and have been recorded as receivables. This amount is recorded as unavailable revenue in the governmental funds but is recognized as revenue in the government-wide financial statements.

Accounts Receivable and Unbilled Usage. Accounts receivable are recorded at the time the service is billed. Unbilled usage for service consumed between periodic scheduled billing dates is estimated and is recognized as revenue in the period in which the service is provided.

Due From and Due to Other Funds. Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Due From Other Governments. Due from other governments represents various shared revenues, grants, and reimbursements from other governments. Shared revenues are recognized during the period when received by the collecting authority, the State of Iowa. Federal grant revenue is recognized when expenditures for the purpose of the grant have been incurred in the government-wide financial statements and as long as it meets the measurable and available criteria in the governmental fund statements.

Inventories and Prepaid Items. Inventories of materials and supplies in the proprietary and governmental fund types are stated at cost using the first-in, first-out method. The costs of governmental fund inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The costs of governmental fund prepaid items are recorded as expenditures when consumed rather than when purchased.

Restricted Assets. Funds set aside for the payment of City enterprise and component unit revenue bonds are classified as restricted assets since their use is restricted by applicable bond indentures. Other restricted assets include funds for customer deposits restricted for application to unpaid customer accounts or for refund to customers.

Lease Receivables. The City is a lessor for noncancelable leases for buildings located at the City's airport. The City recognizes a lease receivable and a deferred inflow of resources in the governmental activities and governmental fund financial statements.

At the commencement of the lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term. Key estimates and judgments include how the City determines the discount rate it uses to discount the expected lease receipts to present value, lease term and lease receipts.

The City uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term included the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a restatement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Deferred Outflows of Resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension expense and OPEB expense and contributions from the employer after the measurement date, but before the end of the employer's reporting period.

Deferred Inflows of Resources. In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows of resources consist of unavailable revenues, unrecognized items not yet charged to pension expense or OPEB expense, and leases where the City is a lessor.

Accounts Receivable and Unbilled Usage. Accounts receivable are recorded at the time the service is billed. Unbilled usage for service consumed between periodic scheduled billing dates is estimated and is recognized as revenue in the period in which the service is provided.

Although certain revenues are measurable, they may not be available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Unavailable revenue represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period.

Unavailable revenue at the fund level consists of property tax receivable, special assessments receivable, succeeding year property tax receivable, and other receivables not collected within 60 days after year-end. Unavailable revenue in the Statement of Net Position consists of succeeding year property tax receivable that will not be recognized as revenue until the year in which they are levied.

Compensated Absences. City employees accumulate a limited amount of earned but unused vacation, compensatory time and sick leave hours for subsequent use or for payment upon termination, death, or retirement. Accumulated sick leave is generally paid at 25%, not to exceed 1,440 hours for municipal fire employees, 1,072.5 hours for municipal police employees and 1,040 hours for all others, upon retirement if the employee has at least 15 years of service. All vacation and sick leave is accrued when incurred in the government-wide and proprietary financial statements. Governmental funds record the earned vacation and vested sick leave hours as an expenditure of the current year to the extent it is paid during the year. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The compensated absences liability has been computed based on rates of pay in effect as of June 30, 2022.

Water Works employees accumulate a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, retirement, or death. The liability is recorded on the Statement of Net Position based on rates of pay in effect as of June 30, 2022.

Long-Term Obligations. In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

City of Marshalltown
Notes to Financial Statements
June 30, 2022

Capital Assets. Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (\$50,000 for infrastructure) and an estimated useful life in excess of two years. All land is recorded regardless of cost. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. All infrastructure of the City has been recorded to date.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

	Years
Land improvements	10-30
Buildings and structures	30-50
Equipment and vehicles	5-30
Sanitary sewers and lift stations	30-50
Infrastructure	20-50

Property, plant and equipment of the Water Works is depreciated using the straight-line method over the following estimated useful lives.

	Years
Plants, wells, and storage	10-40
Distribution property	50-99
Meters	10-20
Vehicles	5
Equipment	7-10

Pensions. For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense (income), information about the fiduciary net position of the Iowa Public Employees' Retirement System and the Municipal Fire and Police Retirement Systems' and additions to/deductions from the Systems' fiduciary net position have been determined on the same basis as they are reported by the Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability (asset) attributable to the governmental activities will be paid primarily by the General Fund.

Total OPEB Liability. For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense, information has been determined based on the City's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund.

Statement of Cash Flows – Cash Equivalents. For purposes of the Statement of Cash Flows for the proprietary funds and the component unit, all short-term cash investments that are highly liquid (including restricted assets) are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase they have a maturity date no longer than three months.

Fund Equity. In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable fund balances cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact.

Restricted fund balances are restricted for specific purposes when constraints placed on the use of the resources are either externally imposed by their providers, such as creditors, grantors, or other governments; or imposed by law through constitutional provisions or enabling legislation.

Committed fund balances can be used only for specific purposes determined pursuant to constraints formally imposed by the City Council, the highest level of decision-making authority, through resolution approved prior to year-end.

Assigned fund balances are amounts the City intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. These amounts are assigned by City Council.

Unassigned fund balances are amounts not included in the other spendable classifications. The general fund is the only fund that reports a positive unassigned fund balance.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless City Council has provided otherwise in its commitment or assigned actions.

Implementation of GASB Statement No. 87. As of July 1, 2021, the City adopted GASB Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The impact to the City resulted in the reporting of lease receivable and deferred inflows of resources related to leases. There was no effect of the on beginning net position as the City did not have any leases under GASB Statement No. 87 as of July, 1, 2021.

City of Marshalltown
Notes to Financial Statements
June 30, 2022

As of June 30, 2022, fund balances consisted of the following:

	General	Road Use Tax	Local Option Sales Tax	Property Tax	Disaster Fund	HUD Programs	Debt Service	Public Works and Other Projects	Nonmajor Governmental Funds	Total

Note 2 - Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. At June 30, 2022, disbursements did not exceed amounts budgeted.

Note 3 - Deposits and Investments

Deposits. On June 30, 2022, the carrying amount of the City's deposits was \$54,536,133 and the bank balances were \$54,688,255. The City's deposits in banks at June 30, 2022, were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

As of June 30, 2022, the City's carrying amount of deposits, related bank balances, and other cash, including fiduciary funds, were as follows:

	Carrying Amount	Bank Balance
Demand deposits	\$ 54,536,133	\$ 54,688,255
Treasury securities	4,000,161	4,000,161
Petty cash	1,775	-
 Total	 <u>\$ 58,538,069</u>	 <u>\$ 58,688,416</u>

The Marshalltown Water Works' carrying amount of deposits was \$7,562,835 all of which was covered by federal depository insurance or insured by the state through pooled collateral, State Sinking Funds and by the state's ability to assess for lost funds.

The City and the Water Works are authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council or Board of Trustees and the Treasurer of the State of Iowa; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

Interest Rate Risk. The City's investment policy limits the investments of operating funds (funds expected to be expended in the current budget year or within fifteen months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in instruments with maturities longer than 397 days, but the maturities shall be consistent with the needs and use of the City. The City did not hold any instruments with a maturity greater than 397 days during the year.

Credit Risk. The City's investment policy limits investments in commercial paper and other corporate debt to the top two highest classifications. The City did not invest in any commercial paper or other corporate debt during the year.

Concentration of Credit Risk. The City's investment policy does not allow for a prime bankers' acceptance or commercial paper and other corporate debt balances to be greater than ten percent of its total deposits and investments. The policy also limits the amount that can be invested in a single issue to five percent of its total deposits and investments. The City held no such investments during the year.

Custodial Credit Risk – Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City's deposits are entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

Custodial Credit Risk – Investments. For an investment, this is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City had no custodially-held investments during the year.

The City uses the fair value hierarchy established by generally accepted accounting principles based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, Level 3 inputs are significant unobservable inputs. The recurring fair value of the Treasury securities was determined using quoted market prices for similar assets (Level 2 inputs). Treasury securities of the City mature within 365 days and were rated Aaa by Moody's Investors Service at the time of purchase.

Note 4 - Interfund Balance and Transfers

Due to/from primary government and component unit balances as of June 30, 2022, consisted of the following:

Receivable Entity	Payable Entity	Amount
Primary Government:	Component Unit:	
Governmental Fund, General Fund	Water Works	\$ 13,576
Enterprise Fund, Water Pollution Control	Water Works	473,330
Enterprise Fund, Storm Sewer	Water Works	<u>120,388</u>
		<u><u>\$ 607,294</u></u>

Due from/to other funds as of June 30, 2022, consisted of the following:

Due to General Fund from		
Nonmajor Governmental		\$ 325,549
Disaster fund		<u>4,348,387</u>
		<u><u>\$ 4,673,936</u></u>
Due to Public Works and Other Projects Fund from Nonmajor Governmental		<u><u>\$ 74,226</u></u>
Due to Water Pollution Control Fund from Nonmajor Enterprise		<u><u>\$ 18,806</u></u>

City of Marshalltown
Notes to Financial Statements
June 30, 2022

The interfund balances result from negative cash balances.

Interfund transfers for the year ended June 30, 2022, consisted of the following:

Transfers to General Fund from

Road use tax	\$ 1,116,774
Local option sales tax	99,023
Property tax	4,097,934
Public works and other projects	478,085
Nonmajor governmental	<u>339,324</u>

Total Transfers to General Fund

\$ 6,131,140

Transfers to Public Works and Other Projects Fund from:

General	\$ 18,034
Local option sales tax	271,614
Sewer	288,551
Nonmajor governmental	<u>4,500</u>

Total Transfers to Public Works and Other Projects Fund

\$ 582,699

Transfers to Disaster Fund from:

General	<u>\$ 4,560</u>
---------	-----------------

Transfers to Debt Service Fund from:

Local option sales tax	\$ 2,879,760
Nonmajor governmental	<u>394,091</u>

Total Transfers to Debt Service Fund

\$ 3,273,851

Transfers to nonmajor governmental funds from:

General	\$ 8,603
Local option sales tax	32,911
Public works and other projects fund	101,953
Storm sewer	54,617
Nonmajor governmental	<u>3,161</u>

Total transfers to nonmajor governmental funds

\$ 201,245

Transfers to Storm Sewer Fund from Public Works and Other Projects Fund

\$ 33,733

Transfers to Nonmajor Enterprise Funds from General

\$ 155,552

City of Marshalltown
Notes to Financial Statements
June 30, 2022

Transfers are used to (1) move property tax revenues from the fund that state statute requires to collect them to the fund that expends the associated expenditure, (2) offset public works salaries within the general fund with road use tax dollars collected, and (3) move a portion of local option sales tax to the fund that is receiving the property tax relief.

Note 5 - Capital Assets

Capital asset activity for the year ended June 30, 2022, was as follows:

	Balance June 30, 2021	Additions	Deletions	Balance June 30, 2022

Note 7 - Retirement Plans

The primary government participates in two public pension systems, Iowa Public Employees' Retirement System (IPERS) and Municipal Fire and Police Retirement System of Iowa (MFPSI). The component unit Water Works participates in IPERS only. The following sections outline the pension related disclosures for each pension of both entities. The aggregate amount of recognized pension expense (income) for the period associated with the net pension liability for all plans is \$(337,333) for the primary government and \$(30,649) for the Water Works. Other aggregate amounts related to pension are separately displayed in the financial statements.

(a) Iowa Public Employees' Retirement System - IPERS

Plan Description – IPERS membership is mandatory for employees of the City and the Water Works, except for those covered by another retirement system. Throughout this IPERS disclosure, all references to the City will incorporate both the City and the Water Works, unless otherwise noted.

Employees of the City are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits – A regular member may retire at normal retirement age and receive monthly benefits without an early retirement deduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. (These qualifications must be met on the member's first month of entitlement to benefits.) Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier (based on years of service).
- The member's highest five-year average salary. (For members with service before June 30, 2012, the highest three-year average salary as of that date will be used if it is greater than the highest five-year average salary.)

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25 percent for each month that the member receives benefits before the member's earliest normal retirement age. For service earned starting July 1, 2012, the reduction is 0.50 percent for each month that the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefits or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions – Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. Statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires that the actuarial contribution rate be determined using the “entry age normal” actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll, based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2022, pursuant to the required rate, Regular members contributed 6.29% of pay and the City contributed 9.44% for a total rate of 15.73%.

The City's total contributions to IPERS for the year ended June 30, 2022 were \$626,387. The Water Work's total contributions to IPERS for the year ended June 30, 2022 were \$70,642.

There were no non-employer contributing entities to IPERS.

Actuarial Assumptions – The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation (effective June 30, 2017)	2.60 percent per annum
Rates of salary increase (effective June 30, 2017)	3.25 to 16.25 percent, average, including inflation. Rates vary by membership group.
Long-term investment rate of return (effective June 30, 2017)	7.00 percent compounded annually, net of investment expense including inflation
Wage growth (effective June 30, 2017)	3.25 percent per annum based on 2.60 percent inflation and 0.65 percent real wage inflation

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2021 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting and expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

City of Marshalltown
Notes to Financial Statements
June 30, 2022

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Core Plus Fixed Income	26.0%	0.29%
Domestic Equity	22.0	4.43
International Equity	17.5	6.01
Private Equity/Debt	13.0	9.51
Private Real Assets	7.5	4.63
Global smart beta equity	6.0	5.1
Public Credit	4.0	2.08
Private Credit	3.0	2.87
Cash	<u>1.0</u>	<u>(0.25)</u>
	<u><u>100%</u></u>	

Discount Rate – The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions from the City will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

City Specific IPERS Disclosures

Net Pension Liabilities (Asset), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2022, the City reported a liability of \$116,601 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all IPERS participating employers. At June 30, 2021, the City's collective proportion was (.0337752) percent, which was a decrease of .115512 percent from its proportion measured as of June 30, 2020.

City of Marshalltown
Notes to Financial Statements
June 30, 2022

For the year ended June 30, 2022, the City recognized pension expense (income) of \$(382,544). At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 88,717	\$ 89,077
Changes of Assumptions	76,267	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	4,224,657
Changes in Proportion and Differences Between City Contributions and Proportionate Share of Contributions	205,327	49,192
City Contributions Subsequent to the Measurement Date	<u>626,387</u>	-
Total	\$ 996,698	\$ 4,362,926

The \$626,387 reported as deferred outflows of resources related to pensions resulting from the City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ending June 30	Total
2023	\$ 980,378
2024	993,673
2025	914,865
2026	1,115,080
2027	<u>(11,381)</u>
	<u>\$ 3,992,615</u>

Sensitivity of the City's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate -
The following presents the City's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.0 percent, as well as what the City's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.0 percent) or 1-percentage-point higher (8.0 percent) than the current rate.

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
City's Proportionate Share of the Net Pension Liability (Asset)	\$ 4,126,904	\$ 116,601	\$ (3,244,287)

City of Marshalltown
Notes to Financial Statements
June 30, 2022

Payable to the Pension Plan – At June 30, 2022, the City reported payables to the defined benefit pension plan of \$0 for legally required employer contributions and \$0 for legally required employee contributions which had been withheld from employee wages but not yet remitted to IPERS.

Water Works Specific IPERS Disclosures

Net Pension Liabilities (Asset), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2022, the Water Works reported a liability of \$11,732 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Water Work's proportion of the net pension liability was based on the Water Work's share of contributions to the pension plan relative to the contributions of all IPERS participating employers. At June 30, 2021, the Water Work's collective proportion was (.003398) percent which was a decrease of .011831 percent from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the Water Works recognized pension expense (income) of \$(30,649). At June 30, 2022, the Water Utility reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Results	\$ 8,926	\$ 8,962
Changes of Assumptions	7,674	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	425,062
Changes in Proportion and Differences Between City Contributions and Proportionate Share of Contributions	26,823	18,243
Water Works Contributions Subsequent to the Measurement Date	<u>70,642</u>	<u>-</u>
Total	<u>\$ 114,065</u>	<u>\$ 452,267</u>

The \$70,642 reported as deferred outflows of resources related to pensions resulting from the Water Works contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Years Ending June 30,</u>	<u>Total</u>
2023	\$ (92,108)
2024	(100,375)
2025	(98,361)
2026	(118,171)
2027	<u>171</u>
	<u>\$ (408,844)</u>

Sensitivity of the Utility's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The
following presents the Water Utility's proportionate share of the net pension liability calculated using the discount rate of 7.0 percent, as well as what the Water Utility's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.0 percent) or 1-percentage-point higher (8.0 percent) than the current rate.

	1% Decrease (6.0%)	Discount Rate (7.0%)	1% Increase (8.0%)
Water Works' Proportionate Share of the Net Pension Liability	\$ 415,227	\$ 11,732	\$ (326,423)

Payable to the Pension Plan – At June 30, 2022, the Water Works reported payables to the defined benefit pension plan of \$0 for legally required employer contributions and \$0 for legally required employee contributions which had been withheld from employee wages but not yet remitted to IPERS.

(b) Municipal Fire and Police Retirement System of Iowa – MFPSI

Plan Description – MFPSI membership is mandatory for fire fighters and police officers covered by provisions of Chapter 411 of the Code of Iowa. Employees of the City are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by MFPSI. MFPSI issues a stand-alone financial report which is available to the public by mail at 7155 Lake Drive, Suite 201, West Des Moines, Iowa 50366 or at www.mfpsi.org.

MFPSI benefits are established under Chapter 411 of the Code of Iowa and the administrative rules thereunder. Chapter 411 of the Code of Iowa and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits – Members with 4 or more years of service are entitled to pension benefits beginning at age 55. Full-service retirement benefits are granted to members with 22 years of service, while partial benefits are available to those members with 4 to 22 years of service based on the ratio of years completed to years required (i.e., 22 years). Members with less than 4 years of service are entitled to a refund of their contribution only, with interest, for the period of employment.

Benefits are calculated based upon the member's highest 3 years of compensation. The average of these 3 years becomes the member's average final compensation. The base benefit is 66 percent of the member's average final compensation. Additional benefits are available to members who perform more than 22 years of service (2 percent for each additional year of service, up to a maximum of 8 years). Survivor benefits are available to the beneficiary of a retired member according to the provisions of the benefit option chosen plus an additional benefit for each child. Survivor benefits are subject to a minimum benefit for those members who chose the basic benefit with a 50 percent surviving spouse benefit.

Active members, at least 55 years of age, with 22 or more years of service have the option to participate in the Deferred Retirement Option Program (DROP). The DROP is an arrangement whereby a member who is otherwise eligible to retire and commence benefits opts to continue to work. A member can elect a 3, 4, or 5-year DROP period. By electing to participate in DROP the member is signing a contract indicating the member will retire at the end of the selected DROP period. During the DROP period the member's retirement benefit is frozen and a DROP benefit is credited to a DROP account established for the member. Assuming the member completes the DROP period, the DROP benefit is equal to 52% of the member's retirement benefit at the member's earliest date eligible and 100% if the member delays enrollment for 24 months. At the member's actual date of retirement the member's DROP account will be distributed to the member in the form of a lump sum or rollover to an eligible plan.

Disability and Death Benefits – Disability coverage is broken down into two types, accidental and ordinary. Accidental disability is defined as permanent disability incurred in the line of duty, with benefits equivalent to the greater of 60 percent of the member's average final compensation or the member's service retirement benefit calculation amount. Ordinary disability occurs outside the call of duty and pays benefits equivalent to the greater of 50 percent of the member's average final compensation, for those with 5 or more years of service, or the member's service retirement benefit calculation amount, and 25 percent of average final compensation for those with less than 5 years of service.

Death benefits are similar to disability benefits. Benefits for accidental death are 50 percent of the average final compensation of the member plus an additional amount for each child, or the provisions for ordinary death. Ordinary death benefits consist of a pension equal to 40 percent of the average final compensation of the member plus an additional amount for each child, or a lump-sum distribution to the designated beneficiary equal to 50 percent of the previous year's earnable compensation of the member or equal to the amount of the member's total contributions plus interest.

Benefits are increased (escalated) annually in accordance with Chapter 411.6 of the Code of Iowa which states a standard formula for the increases.

The surviving spouse or dependents of an active member who dies due to a traumatic personal injury incurred in the line of duty receives a \$100,000 lump-sum payment.

Contributions – Member contribution rates are set by state statute. In accordance with Chapter 411 of the Code of Iowa as modified by act of the 1994 General Assembly, to establish compliance with the Federal Older Workers Benefit Protections Act, the contribution rate was 9.40% of earnable compensation for the year ended June 30, 2022.

Employer contribution rates are based upon an actuarially determined normal contribution rate and set by state statute. The required actuarially determined contributions are calculated on the basis of the entry age normal method as adopted by the Board of Trustees as permitted under Chapter 411 of the Code of Iowa. The normal contribution rate is provided by state statute to be the actuarial liabilities of the plan less current plan assets, with such total divided by 1 percent of the actuarially determined present value of prospective future compensation of all members, further reduced by member contributions and state appropriations. Under the Code of Iowa the employer's contribution rate cannot be less than 17.00% of earnable compensation. The contribution rate was 26.18% for the year ended June 30, 2022.

City of Marshalltown
Notes to Financial Statements
June 30, 2022

The City's contributions to MFPSI for the year ended June 30, 2022 was \$1,237,081.

If approved by the state legislature, state appropriation may further reduce the employer's contribution rate, but not below the minimum statutory contribution rate of 17.00% of earnable compensation. The State of Iowa therefore is considered to be a non-employer contributing entity in accordance with the provisions of the Governmental Accounting Standards Board Statement No 67 – *Financial Reporting for Pension Plans*.

There were no state appropriations to MFPSI during the fiscal year ended June 30, 2022.

Actuarial Assumptions - The total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation (effective June 30, 2017)	3.00 percent per annum
Rates of salary increase (effective June 30, 2017)	3.75 to 15.11 percent, average, including inflation. Rates vary by membership group.
Long-term investment rate of return (effective June 30, 2017)	7.50 percent compounded annually, net of investment expense including inflation

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period of July 1, 2010 to June 30, 2020. There were no significant changes of benefit terms.

Postretirement mortality rates were based on the RP-2014 Blue Collar Combined Healthy Annuitant Table with males set-forward zero years, females set-forward two years and disabled individuals set-forward three years (male only rates), with generational projection of future mortality improvement with 50% of Scale BB beginning in 2017.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates (i.e., expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

City of Marshalltown
Notes to Financial Statements
June 30, 2022

Asset Class	Long-Term Expected Real Rate of Return
Large Cap	7.5%
Small Cap	8.1%
International Large Cap	7.2%
Emerging Markets	7.9%
Global Infrastructure	7.5%
Private Non-Core Real Estate	11.5%
Private Credit	6.4%
Private Equity	10.8%
Core Plus Fixed Income	4.0%
Private Core Real Estate	7.2%

Discount Rate – The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions will be made at 9.4% of covered payroll and the City contributions will be made at rates equal to the difference between actuarially determined rates and the member rate. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Plan Fiduciary Net Position – Detailed information about the pension plan’s fiduciary net position is available in the separately issued MFPSI financial report which is available on MFPSI’s website at www.mfpsi.org.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2022, the City reported a liability of \$3,318,521 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City’s proportion of the net pension liability was based on the City’s share of contributions to the pension plan relative to the contributions of all MFPSI participating employers. At June 30, 2021, the City’s collective proportion was 1.477695 percent which was an increase of .051650 percent from its proportion measured as of June 30, 2020.

City of Marshalltown
 Notes to Financial Statements
 June 30, 2022

For the year ended June 30, 2022, the City recognized pension expense of \$45,211. At June 30, 2022 the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Results	\$ 384,940	\$ 37,347
Changes of Assumptions	124,983	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	5,544,843
Changes in Proportion and Differences Between City Contributions and Proportionate Share of Contributions	339,856	294,677
City Contributions Subsequent to the Measurement Date	<u>1,237,081</u>	-
Total	<u>\$ 2,086,860</u>	<u>\$ 5,876,867</u>

The \$1,237,081 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Years Ended June 30,</u>	<u>Total</u>
2023	\$ (1,038,357)
2024	(1,107,527)
2025	(1,263,901)
2026	(1,648,572)
2027	<u>31,269</u>
	<u>\$ (5,027,088)</u>

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.5 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate.

	1% Decrease -6.50%	Discount Rate (7.50%)	1% Increase (8.50%)
City's Proportionate Share of the Net Pension Liability (Asset)	\$ 9,820,200	\$ 3,318,521	\$ (2,077,496)

Payables to the Pension Plan – At June 30, 2022, the City reported payables to the defined benefit pension plan of \$0 for legally required employer contributions and \$0 for legally required employee contributions which had been withheld from employee wages but not yet remitted to MFPSI.

(c) Pension Plan – Marshalltown Water Works Supplemental Retirement and Pension Plan

Plan Description – The Water Works maintains the Marshalltown Water Works Supplemental Retirement and Pension Plan, which is a single employer defined benefit plan administered by United Bank and Trust.

The Plan was established by the Marshalltown Water Works' Board of Trustees on September 30, 1953. The Plan was restated and amended on January 1, 2014. The Board of Trustees has the authority to amend the Plan at any time.

Pension Benefits – Employees who retire at or after age 65, or age 62 with 25 years of credited service, are entitled to retirement benefits payable monthly for life. Monthly benefits are equal to 2.12% of the employee's five-year final average salary multiplied by the number of years of consecutive service for the year ended June 30, 2022. Service prior to January 1, 1986 shall be limited to 25 years. Benefits are fully vested on reaching 10 or more years of credited service.

Disability and Death Benefits – A vested member who is awarded federal Social Security disability benefits is eligible to claim Water Works pension benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement and has participated in the plan for 10 or more years prior to death, and is totally vested, the surviving spouse may request a return of the participant's accrued contributions with interest to the date of the participant's death, or may leave the balance in the pension plan and be entitled to a joint and 100% survivor annuity at the time the participant would have become eligible for pension benefits.

Contributions – The Water Works' funding policy provides for employer and employee contributions at actuarially determined rates that are sufficient to accumulate assets to pay benefits when due. The frozen entry age actuarial cost method is used to determine annual plan costs. The employer contribution rate for the year ended June 30, 2022 and 2021 was 8.93% plus an additional \$5,000 per bi-weekly payroll. The employee contribution rate for the years ended June 30, 2022 and 2021 was 4.95%. Contributions paid by the Water Works for the year ended June 30, 2022 totaled \$181,309, and the contributions paid by employees totaled \$28,441.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2022, the Water Works reported a net pension liability of \$1,200,570. The net pension liability was measured as of March 31, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that March 31, 2022.

City of Marshalltown
Notes to Financial Statements
June 30, 2022

For the year ended June 30, 2022, the Water Works recognized pension expense (income) of \$(79,350). At June 30, 2022 Water Works reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Results	\$ 67,726	\$ -
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	- <hr/>	<hr/> 112,961
Total	\$ 67,726	\$ 112,961

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the pension will be recognized in pension expense as follows:

<u>Years Ending June 30,</u>	<u>Total</u>
2023	\$ 4,963
2024	(1,388)
2025	(51,860)
2026	<hr/> 3,050
	<hr/> \$ (45,235)

Actuarial Assumptions – The total pension liability in the March 31, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rates of salary increase
(effective March 31, 2022) 3.00 percent per annum

Long-term investment rate of return
(effective March 31, 2022) 7.00 percent compounded annually

The actuarial assumptions used in the March 31, 2022 valuation were based on the results of actuarial experience studies with dates corresponding to those listed above.

Mortality rates were based on the 1983 Group Annuity Mortality Table.

The long-term expected rate of return on pension plan investments was determined using best-estimate ranges of expected future real rates (expected returns, net of pension plan investment expense and inflation). These ranges are combined to produce the long-term expected rate of return. The annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 4.40% based on the target allocation of assets summarized in the following table:

<u>Asset Class</u>	<u>Asset Allocation</u>
Large Cap Equity	30.0%
Small Cap Equity	10.0
International Equity	10.0
High Dividend Equity	10.0
Fixed Income	<u>40.0</u>
 Total	 <u>100.0%</u>

Sensitivity of the Water Works' Net Pension Liability to Changes in the Discount Rate – The following presents the Water Works' net pension liability calculated using the discount rate of 7.0 percent, as well as what the Water Works' net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.0 percent) or 1-percentage point higher (8.0 percent) than the current rate.

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
Water Works' Proportionate Share of the Net Pension Liability	\$ 1,429,405	\$ 1,200,570	\$ 1,004,099

Note 8 - Other Postemployment Benefits

Plan Description - The City operates a single-employer retiree benefit plan which provides postemployment medical and dental benefits for retirees and their spouses. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The Plan does not issue a stand-alone financial report.

OPEB Benefits - Retirees or eligible spouses are required to contribute for their coverage the following percentages of the total premium:

50% if disabled while on duty (police or fire) except disability related expenses are 100% paid by the City,
50% if retiring employee satisfies the rule of 88 or police/fire employee is 55 with 22 years of service,
50% for grandfathered police/fire,
100% for all other including surviving spouses.

To be eligible for the medical and dental insurance coverage, a retiree must be at least 55 years old, or disabled and receiving or eligible to receive a pension under the Iowa Public Employees' Retirement System (IPERS) or the Municipal Fire and Police Retirement System of Iowa (MFPSI). At July 1, 2021 the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	56
Active employees	<u>155</u>
Total	<u><u>211</u></u>

Total OPEB Liability – The City's total OPEB liability of \$11,128,296 was measured as of June 30, 2022, and was determined by an actuarial valuation as of July 1, 2021.

Actuarial Assumptions – The total OPEB liability in the July 1, 2021 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

Rate of inflation (effective June 30, 2022)	3.00% per annum
Rates of salary increase (effective June 30, 2022)	0.00%, OPEB's directly determined by Service Years not Salary
Discount rate (effective June 30, 2022)	4.55% compounded annually, net of investment expense including inflation
Healthcare cost trend rate (effective June 30, 2022)	6.00%

Discount Rate – The discount rate used to measure the total OPEB liability was 4.55% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Mortality rates are from the RP 2014 Annuity Mortality table. Annual retirement probabilities are based on varying rates by age and turnover probabilities mirror those used by IPERS.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study with dates corresponding to those listed above.

City of Marshalltown
Notes to Financial Statements
June 30, 2022

OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB – For the year ended June 30, 2022, the City recognized OPEB expense of \$338,271. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,718,762	\$ 3,431,267
Changes in assumptions	<u>1,305,471</u>	<u>3,516,906</u>
 Total	 <u>\$ 4,024,233</u>	 <u>\$ 6,948,173</u>

The amount reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

Years Ending June 30	Total
2023	\$ (318,754)
2024	(318,754)
2025	(318,754)
2026	(226,097)
2027	(193,193)
Thereafter	<u>(1,548,388)</u>
	 <u>\$ (2,923,940)</u>

Note 9 - Risk Management

The City is a member in the Iowa Communities Assurance Pool (Pool), as allowed by Chapter 670.7 of the Code of Iowa. The Pool is a local government risk-sharing pool whose 794 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials' liability, police professional liability, property, inland marine, and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses, and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300% of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The City's property and casualty contributions to the risk pool are recorded as expenditures from its operating funds at the time of payment to the risk pool. The City's contributions to the Pool for the year ended June 30, 2022 were \$381,700.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional and public officials' liability risks up to \$500,000 per claim. Claims exceeding \$500,000 are reinsured through reinsurance and excess risk-sharing certificate. Property and automobile physical damage risks are retained by the Pool up to \$250,000 each occurrence, each location, with excess coverage reinsured by Lexington Insurance Company.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event that a series of casualty claims exhaust total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. The City does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable that such losses have occurred and the amount of such losses can be reasonably estimated. Accordingly, at June 30, 2022, no liability has been recorded in the City's financial statements. As of June 30, 2022, settled claims have not exceeded the risk pool or reinsurance coverage since the Pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given sixty days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claims expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their casualty capital contributions. If a member withdraws after the sixth year, the member is refunded 100% of its casualty capital contributions. However, the refund is reduced by an amount equal to the annual casualty operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The City has established a Group Insurance Benefits Fund for insuring health benefits provided to City employees and covered dependents which is included as an internal service fund. Health benefits were self-insured up to a specific stop-loss amount of \$85,000 and an aggregate stop-loss of approximately \$2,800,000 for 2022. Coverage from a private insurance company is maintained for losses in excess of the aggregate stop-loss amount. All claims handling procedures are performed by a third-party claims administrator. Reported claims as of June 30, 2022, as well as incurred but not reported claims, have been accrued as a liability based upon the claims administrator's estimate and are included in accounts payable. The liability does not include any allocated or unallocated claim adjustment expenses.

City of Marshalltown
Notes to Financial Statements
June 30, 2022

All operating funds of the City participate in the program and make payments to the Group Insurance Benefits Fund based on actuarial estimates of the amounts needed to pay prior and current year claims.

The City has established an Occupational Insurance Benefits Fund to self-insure for workers' compensation benefits for all currently employed police officers and firefighters and police officers and firefighters who have retired due to an accidental disability prior to December 1992, in accordance with Chapter 411.15 of the Code of Iowa. The General Fund is charged for benefits paid to police officers and firefighters by the Occupational Insurance Benefits Fund, which is also accounted for as an internal service fund. Reported claims as of June 30, 2022, as well as incurred but not reported claims, have been accrued as a liability based upon the City's best estimate and are included in accounts payable. The liability does not include any allocated or unallocated claim adjustment expenses. There is no stop-loss insurance for this coverage.

The claims liabilities of \$367,415 in the Group Insurance Benefits Fund and \$15,095 in the Occupational Insurance Benefits Fund are based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The entire amounts will be paid within one year of year-end.

Changes in reported liabilities for the fiscal years ended June 30, 2022 and 2021, are summarized as follows:

	Group Insurance Benefits Fund	Occupational Insurance Benefits Fund
Liabilities as of June 30, 2020	\$ 489,020	\$ 4,196
Claims and Changes in Estimates During Fiscal Year 2021	2,623,488	171,775
Claim Payments	<u>(2,725,629)</u>	<u>(170,991)</u>
Liabilities as of June 30, 2021	386,879	4,980
Claims and Changes in Estimates During Fiscal Year 2022	3,073,207	85,757
Claim Payments	<u>(3,092,671)</u>	<u>(75,642)</u>
Liabilities as of June 30, 2022	<u>\$ 367,415</u>	<u>\$ 15,095</u>

Note 10 - Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all regular City employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees, until termination, retirement, death, or unforeseeable emergency. The plan complies with IRC Section 457(g), which allows for the plan to hold its assets in trust. Under these requirements, the City does not own the amount deferred by employees and, therefore, the liability and corresponding investment are not reflected in the financial statements.

During this fiscal year, the City also made payroll IRAs available to its employees in accordance with Internal Revenue Code Section 401. This plan is also available to all regular City employees. Participation is optional and withdrawals are governed by current IRS regulations.

Note 11 - Commitments

The City has recognized as a liability only that portion of construction contracts representing construction completed through June 30, 2022. The City has additional commitments for signed construction contracts of approximately \$13,662,546 as of June 30, 2022, to be paid as work on the projects progresses.

Note 12 - Major Customer

The financial statements of the Water Pollution Control Enterprise Fund include sales and receivables from Swift and Company, a major customer, of \$2,786,225 and \$485,120 respectively.

Note 13 - Litigation

The City is a defendant in several claims and lawsuits. In the opinion of the City Attorney and management, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

Note 14 - Deficit Balances

At June 30, 2022, funds with deficit balances were as follows:

Special Revenue Fund - Disaster Fund	\$ (1,038,377)
Non-major Special Revenue Fund - Grant Fund	(281,185)
Non-major Capital Projects Fund - Airport Projects Fund	(150,808)
Non-major Capital Projects Fund - Culture & Recreation Projects Fund	(45,111)
Non-major Enterprise Fund - Recreation Concessions	(31,855)

These deficit balances will be recovered through future grant funding and future charges for services.

Note 15 - Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

The City provides tax abatements for urban renewal and economic development projects with tax increment financing as provided for in Chapters 15A and 403 of the Code of Iowa. For these types of projects, the City enters into agreements with developers which require the City, after developers meet the terms of the agreements, to rebate a portion of the property tax paid by the developers, to pay the developers an economic development grant or to pay the developers a predetermined dollar amount. No other commitments were made by the City as part of these agreements.

For the year ended June 30, 2022, \$78,240 of property tax was diverted from the City under the urban renewal and economic development projects.

Note 16 - Subsequent Events

On November 28, 2022, the City of Marshalltown authorized a loan agreement to issue tax-exempt General Obligation Corporate Purpose Bonds Series 2022A in the amount of \$9,555,000 with a true interest rate of 3.7958% and a maturity date of June 1, 2038. The City maintained their Aa2 bond rating from Moody's Investors Service. The bond proceeds may be used towards street design, improvements and reconstruction, park improvements, trailhead building/bridge/connection, pedestrian alley, parking lot, and sidewalk gap projects. The bond closing date was December 13, 2022.

On November 28, 2022, the City of Marshalltown authorized a loan agreement to issue Taxable General Obligation Property Restoration Bonds, Series 2022B in the amount of \$610,000 with a true interest rate of 5.0321% and a maturity date of June 1, 2028. The City maintained their Aa2 bond rating from Moody's Investors Service. The bond proceeds may be used towards acquiring and demolishing dangerous and dilapidated buildings. The bond closing date was December 13, 2022.

In August of 2022, the City received \$1,993,589 the second installment from the American Rescue Plan Act (ARPA) Non Entitlement Unit Funding Project. Those funds have been deposited into the American Rescue Plan Fund where they will be spent in accordance with grant requirements. The first installment was received in FY2022. Total received for both years was \$3,987,180 for the City.

The Marshalltown Water Works entered into an engineering service contract totaling \$4,057,641 for design and construction of a new reverse osmosis membrane treatment process train at the water treatment plant.

Notes to Financial Statements
June 30, 2022

Note 17 - Contingencies

The COVID-19 outbreak is disrupting businesses across a range of industries in the United States and financial markets have experienced a significant decline. As a result, local, regional and national economies, including that of the City, may be adversely impacted. The extent of the financial impact of COVID-19 will depend on future developments, including the duration and spread, which are uncertain and cannot be predicted. Due to the uncertainties surrounding the outbreak, management cannot presently estimate the potential impact to the City's operations and finances.

Note 18 - Lease Receivable

The City owns buildings located at the airport which the City rents to Marshalltown Aviation. Effective January 1, 2022, the City entered into a 15-year lease. The City is to receive monthly payments of \$2,333, respectively with an incremental lending rate of 2.0%. During the year ended June 30, 2022, the City earned principal of \$11,007 and interest of \$2,993 on the agreement. A summary of the remaining lease receivable principal and interest to maturity is as follows:

Years Ending June 30,	Principal	Interest	Total
2023	\$ 21,114	\$ 6,885	\$ 27,999
2024	21,540	6,459	27,999
2025	21,975	6,024	27,999
2026	22,419	5,581	28,000
2027	22,871	5,129	28,000
2028-2032	121,471	18,529	140,000
2033-2037	123,121	5,765	128,886
Total	\$ 354,511	\$ 54,372	\$ 408,883

Notes to Required Supplementary Information – Budgetary Reporting

Year Ended June 30, 2022

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds except internal service funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon nine (9) major classes of disbursements known as functions, not by fund or fund type. These nine functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business-type activities. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, the Debt Service Fund, Capital Projects Funds and Enterprise Funds. Although the budget document presents function disbursements by fund type, the legal level of control is at the aggregated function level, not by fund. During the year, one budget amendment was prepared with the required public hearing. The amendment decreased budgeted disbursements by \$1,368,781, excluding transfers out.

At June 30, 2022, disbursements did not exceed the amended budgeted amounts.

See accompanying notes to required supplementary information.

Note: GASB Statement No.68 requires ten years of information to be presented in this table. However, until a full 10-year trend is compiled, the City will present information for those years for which information is available.

In accordance with GASB Statement No. 68, the amounts presented for each fiscal year were determined as of June 30 of the preceding fiscal year.

* The Plan has three groups; regular, sheriff, and protection. In total, the Plan reported a net pension asset at June 30, 2021. However, the City only participates in the regular and protection groups. The City's portions of these groups resulted in a net pension liability at June 30, 2021.

Changes of benefit terms

There are no significant changes in benefit terms.

Changes of assumptions

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017
- Adjusted retirement rates
- Lowered disability rates
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit
- Adjusted the merit component of the salary increase assumption

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member account from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Reduced retirement rates for sheriffs and deputies between the ages of 55 and 64.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

2013	1,025,722	1,025,722	-	3,908,165	26.25%

Notes to Required Supplementary Information – Pension Liability:

Changes of benefit terms: There were no significant changes of benefit terms.

Changes of assumptions:

The 2018 valuation changed the Postretirement mortality rates to the RP-2014 Blue Collar Combined Health Mortality Table with males set-forward two years, females set-forward two years and individuals with disabilities set-forward three years (male only rates), with generational projection of future mortality improvement with 50% of Scale BB in 2017.

The 2017 valuation added five years projection of future mortality improvement with Scale BB.

The 2016 valuation changed postretirement morality rates to the RP-2000 Blue Collar Combined Healthy Mortality Table with males set-back two years, females set-forward one year and disabled individuals set-forward on year (male only rates), with no projection of future mortality improvement.

The 2015 valuation phased in the 1994 Group Annuity Mortality Table for post-retirement mortality. This resulted in a weighting of 1/12 of the 1971 Group Annuity Mortality Table and 11/12 of the 1994 Group Annuity Mortality Table.

The 2014 valuation phased in the 1994 Group Annuity Mortality Table for post-retirement mortality. This resulted in a weighting of 2/12 of the 1971 Group Annuity Mortality Table and 10/12 of the 1994 Group Annuity Mortality Table.

Nonmajor Enterprise Funds

Compost Facility – To account for the operation and maintenance of the City's facility for yard wastes. Services are supported primarily by user charges.

Bus Transit – To account for the City's mass transit operations. Services are supported primarily from transit property taxes accounted for and transferred from the General Fund, intergovernmental revenues, and user charges.

Recreation Concessions – To account for the concession's activity of the municipal swimming pool. Services are supported by user fees.

Source: Marshall County Auditor's Office and IA Dept of Mgmt website.

Notes: Effective with the January 1, 1999 valuations, Alliant Energy, the local gas and electric provider, is assessed a utility excise tax instead of taxes based upon property valuations.

Each year the State of Iowa assigns a rollback factor to calculate the percent of assessed value which will be taxable.

This rate is assigned per property classification and can fluctuate each year. Industrial property is taxed at 100% of its gross assessed value.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Marshalltown. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt of each overlapping government.

(1) Current tax collections reflect payments received by the Marshall County Treasurer's office from July 1 through June 30 of each year. Taxes levied for the current year are classified as delinquent if not paid by June 30 each year.

(2) Collection percentages are close to 100% each year since the State of Iowa provides for "tax sales" in June of each year for properties with unpaid taxes. Substantially all of the taxes are paid by investors purchasing tax certificates from the "tax sales." Collections in excess of 100% are due to rounding differences when tax rates are applied to property valuations, differences in tax credits reimbursed by the State of Iowa, or changes in taxable valuations by the County Assessor after the City's budget is certified.

(3) Delinquent tax collections reflect amounts of delinquent taxes the City received during the year. Information is not available from the County Treasurer's Office as to the year(s) for which the delinquent tax collections apply.

City of Marshalltown

**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed in Accordance with
*Government Auditing Standards***

To the Honorable Mayor and
Members of the City Council
City of Marshalltown, Iowa

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of City of Marshalltown, Iowa, (City) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 20, 2022. Our report includes a reference to other auditors who audited the financial statement of the Marshalltown Waterworks, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2022 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City and are reported in Part IV of the accompanying schedule of findings and questioned costs. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

To the Honorable Mayor and
Members of the City Council
City of Marshalltown, Iowa

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of Marshalltown, Iowa's (City) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2022. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

City of Marshalltown
Notes to the Schedule of Expenditures of Federal Awards
Year Ended June 30, 2022

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal award activity of the City of Marshalltown, Iowa under programs of the federal government for the year ended June 30, 2022. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position or changes in fund balance of the City.

Note 2 - Significant Accounting Policies

Expenditures reported in the schedule of expenditures of federal awards are recognized on the modified accrual basis, except for subrecipient expenditures, which are recorded on the cash basis. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3 - Indirect Cost Rate

The City has not elected to use the 10% de minimis cost rate.

City of Marshalltown
Schedule of Findings and Questioned Costs
Year Ended June 30, 2022

Part I: Summary of the Independent Auditor's Results:

Financial Statements

Type of auditor's report issued	Unmodified
Internal control over financial reporting:	
Material weakness identified	No
Significant deficiency not considered to be a material weakness	None reported
Noncompliance material to financial statements noted	No

Federal Awards

Internal control over major program:	
Material weakness identified	No
Significant deficiency not considered to be a material weakness	None reported
Type of auditor's report issued on compliance for the major programs	Unmodified
Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance 2 CFR 200.516	No

Identification of major program:

<u>Name of Federal Program or Cluster</u>	<u>CFDA Number</u>
Emergency Watershed Protection Program	10.923
Disaster Grants – Public Assistance (Presidentially Declared Disasters)	97.036
Dollar threshold used to distinguish between Type A and Type B programs	\$750,000
Auditee qualified as low-risk auditee	Yes

City of Marshalltown
Schedule of Findings and Questioned Costs
Year Ended June 30, 2022

Part II: Findings Related to the Financial Statements:

There were no findings to report.

Part III: Findings and Questioned Costs for Federal Awards:

There were no findings and questioned costs to report.

Part IV: Other Findings Related to Required Statutory Reporting:

- 2022-IA-A Certified Budget** – Disbursements at June 30, 2022 did not exceed the amended budget.
- 2022-IA-B Questionable Expenditures** – We noted no expenditures that we believe may fail to meet the requirements of public purpose as defined in an Attorney General’s opinion dated April 25, 1979.
- 2022-IA-C Travel Expense** – No expenditures of City money for travel expenses of spouses of City officials or employees were noted.
- 2022-IA-D Business Transactions** – No business transactions between the City and City officials or employees were noted.
- 2022-IA-E Restricted Donor Activity** – No transactions were noted between the City, City officials, City employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.
- 2022-IA-F Bond Coverage** – Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that the coverage is adequate for current operations.
- 2022-IA-G Council Minutes** – No transactions were found that we believe should have been approved in the Council minutes but were not.
- 2022-IA-H Deposits and Investments** – No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the City’s investment policy were noted.
- 2022-IA-I Revenue Bonds** – No instances of noncompliance with provisions of the City’s revenue bond resolutions were noted.
- 2022-IA-J Annual Urban Renewal Report** – The annual urban renewal report was properly approved and certified to the Iowa Department of Management on or before December 1.
- 2022-IA-K Tax Increment Financing** – The Special Revenue Tax Increment Financing Fund properly disbursed payments for TIF loans and rebates. Also, the City properly completed the Tax Increment Debt Certificate forms to request TIF property taxes.

APPENDIX B

DESCRIBING BOOK-ENTRY-ONLY ISSUANCE

1. The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Bonds (the “Securities”). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for each issue of the Securities, each in the aggregate principal amount of such issue, and will be deposited with DTC.

2. DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a S&P Global Ratings rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC’s records. The ownership interest of each actual purchaser of each Security (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to any Tender/Remarketing Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to any Tender/Remarketing Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to any Tender/Remarketing Agent's DTC account.

10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to the City or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

11. The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

APPENDIX C

DRAFT FORM OF BOND COUNSEL OPINION

We hereby certify that we have examined certified copies of the proceedings (the "Proceedings") of the City Council of the City of Marshalltown (the "Issuer"), in Marshall County, Iowa, passed preliminary to the issue by the Issuer of its General Obligation Corporate Purpose Bonds, Series 2023 (the "Bonds") in the amount of \$9,840,000, in the denomination of \$5,000 each, or any integral multiple thereof, dated December 12, 2023, in evidence of the Issuer's obligation under a certain loan agreement (the "Loan Agreement"), dated as of December 12, 2023. The Bonds mature on June 1 in each of the respective years and in the principal amounts and bear interest payable semiannually on June 1 and December 1 in each year, commencing December 1, 2024, at the respective rates as follows:

<u>Date</u>	<u>Principal</u>	<u>Interest Rate</u>	<u>Date</u>	<u>Principal</u>	<u>Interest Rate</u>
2025	\$245,000	_____ %	2033	\$690,000	_____ %
2026	\$490,000	_____ %	2034	\$725,000	_____ %
2027	\$515,000	_____ %	2035	\$760,000	_____ %
2028	\$540,000	_____ %	2036	\$795,000	_____ %
2029	\$565,000	_____ %	2037	\$835,000	_____ %
2030	\$595,000	_____ %	2038	\$880,000	_____ %
2031	\$625,000	_____ %	2039	\$925,000	_____ %
2032	\$655,000	_____ %			

Principal of the Bonds maturing in the years 2031 to 2039, inclusive, is subject to optional redemption prior to maturity on June 1, 2030, or on any date thereafter on terms of par plus accrued interest.

Based upon our examination, we are of the opinion, as of the date hereof, that:

1. The Proceedings show lawful authority for such issue under the laws of the State of Iowa.
2. The Bonds and the Loan Agreement are valid and binding general obligations of the Issuer.
3. All taxable property within the corporate boundaries of the Issuer is subject to the levy of taxes to pay the principal of and interest on the Bonds without constitutional or statutory limitation as to rate or amount.
4. The interest on the Bonds (including any original issue discount properly allocable to an owner thereof) is excluded from gross income for federal income tax purposes and is not treated as a preference item in calculating the federal alternative minimum tax imposed on noncorporate taxpayers under the Internal Revenue Code of 1986 (the "Code"). The opinions set forth in the preceding sentence are subject to the condition that the Issuer comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The Issuer has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal income tax purposes to be retroactive to the date of issuance of the Bonds.

We express no opinion regarding other federal tax consequences arising with respect to the Bonds. We note, however, that interest on the Bonds may be taken into account in determining adjusted financial statement income for purposes of the federal alternative minimum tax imposed on applicable corporations (as defined in Section 59(k) of the Code) for tax years beginning after December 31, 2022.

The rights of the owners of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

DORSEY & WHITNEY LLP

***This form of bond counsel opinion is subject to change pending the results of the sale of the Bonds contemplated herein.**

APPENDIX D

DRAFT CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the “Disclosure Certificate”) is executed and delivered by the City of Marshalltown, Iowa (the “Issuer”), in connection with the issuance of \$9,840,000 General Obligation Corporate Purpose Bonds, Series 2023 (the “Bonds”), dated December 12, 2023. The Bonds are being issued pursuant to resolutions of the Issuer approved on November 27, 2023 (the “Resolutions”). The Issuer covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the Issuer for the benefit of the Holders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriters in complying with S.E.C. Rule 15c2-12.

Section 2. Definitions. In addition to the definitions set forth in the Resolutions, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Report” shall mean any Annual Report provided by the Issuer pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“Beneficial Owner” shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

“Dissemination Agent” shall mean the Dissemination Agent, if any, designated in writing by the Issuer and which has filed with the Issuer a written acceptance of such designation.

“EMMA” shall mean the MSRB’s Electronic Municipal Market Access system available at <http://emma.msrb.org>.

“Financial Obligation” shall mean a (i) debt obligation, (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or, (iii) guarantee of either (i) or (ii). The term “Financial Obligation” shall not include municipal securities as to which a final official statement has been provided to the MSRB pursuant to the Rule.

“Holders” shall mean the registered holders of the Bonds, as recorded in the registration books of the Registrar.

“Listed Events” shall mean any of the events listed in Section 5(a) of this Disclosure Certificate.

“Municipal Securities Rulemaking Board” or “MSRB” shall mean the Municipal Securities Rulemaking Board, 1300 I Street NW, Suite 1000, Washington, DC 20005.

“Participating Underwriter” shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“Rule” shall mean Rule 15c2-12 adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“State” shall mean the State of Iowa.

Section 3. Provision of Annual Reports.

(a) Not later than June 30 (the “Submission Deadline”) of each year following the end of the 2022-2023 fiscal year, the Issuer shall, or shall cause the Dissemination Agent (if any) to, file on EMMA an electronic copy of its Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate in a format and accompanied by such identifying information as prescribed by the MSRB. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the Issuer may be submitted separately from the balance of the Annual Report and later than the Submission Deadline if they are not available by that date. If the Issuer’s fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(c), and the Submission Deadline beginning with the subsequent fiscal year will become one year following the end of the changed fiscal year.

(b) If the Issuer has designated a Dissemination Agent, then not later than fifteen (15) business days prior to the Submission Deadline, the Issuer shall provide the Annual Report to the Dissemination Agent.

(c) If the Issuer is unable to provide an Annual Report by the Submission Deadline, in a timely manner thereafter, the Issuer shall, or shall cause the Dissemination Agent (if any) to, file a notice on EMMA stating that there has been a failure to provide an Annual Report on or before the Submission Deadline.

Section 4. Content of Annual Reports. The Issuer’s Annual Report shall contain or include by reference the following:

(a) The **Audited Financial Statements** of the Issuer for the prior fiscal year, prepared in accordance with generally accepted accounting principles promulgated by the Financial Accounting Standards Board as modified in accordance with the governmental accounting standards promulgated by the Governmental Accounting Standards Board or as otherwise provided under State law, as in effect from time to time, or, if and to the extent such audited financial statements have not been prepared in accordance with generally accepted accounting principles, noting the discrepancies therefrom and the effect thereof. If the Issuer’s audited financial statements are not available by the Submission Deadline, the Annual Report shall contain unaudited financial information (which may include any annual filing information required by State law) accompanied by a notice that the audited financial statements are not yet available, and the audited financial statements shall be filed on EMMA when they become available.

(b) Tables, schedules or other information contained in the official statement for the Bonds, under the following captions:

- **Debt Information:**
Debt Limitation
Summary of Outstanding General Obligation Bonded Debt General Obligation Debt
Statement of Bonded Indebtedness
- **Property Assessment and Tax Information:**
Actual (100%) Valuations for the City
Taxable (Rollback) Valuations for the City
Tax Extensions and Collections
Principal Taxpayers
Property Tax Rates
- **Financial Information:**
Statement of Net Position – Governmental Activities
Statement of Activities – Governmental Activities
Balance Sheet – General Fund
Statement of Revenues, Expenditures and Changes in Fund Balances – General Fund

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the Issuer or related public entities, which are available on EMMA or are filed with the Securities and Exchange Commission. If the document included by reference is a final official statement, it must be available on EMMA. The Issuer shall clearly identify each such other document so included by reference.

Section 5. Reporting of Significant Events

(a) Pursuant to the provisions of this Section 5, the Issuer shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds:

- (1) Principal and interest payment delinquencies.
- (2) Non-payment related defaults, if material.
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties.
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties.
- (5) Substitution of credit or liquidity providers, or their failure to perform.
- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security.
- (7) Modifications to rights of security holders, if material.
- (8) Bond calls, if material, and tender offers.
- (9) Defeasances.
- (10) Release, substitution, or sale of property securing repayment of the securities, if material.
- (11) Rating changes.
- (12) Bankruptcy, insolvency, receivership or similar event of the obligated person.

Note to paragraph (12): For the purposes of the event identified in subparagraph (12), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

- (13) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
- (14) Appointment of a successor or additional trustee or the change of name of a trustee, if material.

(15) Incurrence of a Financial Obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material.

(16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the obligated person, any of which reflect financial difficulties.

(b) If a Listed Event described in Section 5(a) paragraph (2), (7), (8) (but only with respect to bond calls under (8)), (10), (13), (14), or (15) has occurred and the Issuer has determined that such Listed Event is material under applicable federal securities laws, the Issuer shall, in a timely manner but not later than ten business days after the occurrence of such Listed Event, promptly file, or cause to be filed, a notice of such occurrence on EMMA, with such notice in a format and accompanied by such identifying information as prescribed by the MSRB.

(c) If a Listed Event described in Section 5(a) paragraph (1), (3), (4), (5), (6), (8) (but only with respect to tender offers under (8)), (9), (11), (12), or (16) above has occurred the Issuer shall, in a timely manner but not later than ten business days after the occurrence of such Listed Event, promptly file, or cause to be filed, a notice of such occurrence on EMMA, with such notice in a format and accompanied by such identifying information as prescribed by the MSRB. Notwithstanding the foregoing, notice of Listed Events described in Section (5)(a) paragraphs (8) and (9) need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to Holders of affected Bonds pursuant to the Resolutions.

Section 6. Termination of Reporting Obligation. The Issuer's obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds or upon the Issuer's receipt of an opinion of nationally recognized bond counsel to the effect that, because of legislative action or final judicial action or administrative actions or proceedings, the failure of the Issuer to comply with the terms hereof will not cause Participating Underwriters to be in violation of the Rule or other applicable requirements of the Securities Exchange Act of 1934, as amended.

Section 7. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall not be responsible in any manner for the content of any notice or Annual Report prepared by the Issuer pursuant to this Disclosure Certificate. The initial Dissemination Agent shall be Speer Financial, Inc.

Section 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the Issuer may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) (i) the amendment or waiver is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted; (ii) the undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and (iii) the amendment or waiver either (1) is approved by a majority of the Holders, or (2) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Holders or Beneficial Owners; or

(b) the amendment or waiver is necessary to comply with modifications to or interpretations of the provisions of the Rule as announced by the Securities and Exchange Commission.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the Issuer shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing audited financial statements, (i) notice of such change shall be given

in the same manner as for a Listed Event under Section 5(c), and (ii) the Annual Report for the year in which the change is made will present a comparison or other discussion in narrative form (and also, if feasible, in quantitative form) describing or illustrating the material differences between the audited financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Section 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the Issuer chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the Issuer shall have no obligation under this Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 10. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Certificate, any Holder or Beneficial Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer to comply with its obligations under this Disclosure Certificate. Direct, indirect, consequential and punitive damages shall not be recoverable by any person for any default hereunder and are hereby waived to the extent permitted by law. A default under this Disclosure Certificate shall not be deemed an event of default under the Resolutions, and the sole remedy under this Disclosure Certificate in the event of any failure of the Issuer to comply with this Disclosure Certificate shall be an action to compel performance.

Section 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent, if any, shall have only such duties as are specifically set forth in this Disclosure Certificate, and the Issuer agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the Issuer under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

Section 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the Issuer, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.
